OFFENCES ALLEGED: GENOCIDE, CRIMES AGAINST HUMANITY, DISOBEYING A STATUTE, MURDER, CRIMINAL NEGLIGENCE CAUSING DEATH, CULPABLE HOMICIDE IS MURDER, RECKLESS ENDANGERMENT OF CHILDREN, CHILD ABUSE, ELDER ABUSE, HEALTHY PEOPLE ABUSE, BREACH OF TRUST, INHUMANE ACTS ON CIVILIAN POPULATIONS, BODILY HARM, MISCONDUCT, OBSTRUCTING JUSTICE, OBSTRUCTING RELIGIOUS SERVICES, NUISANCE, CRIMINAL NEGLIGENCE, ADMINISTERING A NOXIOUS SUBSTANCE, EXTORTION, FALSE PRETENCE, FRAUD, INTIMIDATION, WILFULLY CAUSING EMERGENCY, CRIMES AGAINST HUMANITY, MISCHIEF, TORTURE, DOMESTIC TERRORISM, HOAX regarding TERRORISM, and MURDER as LOCKDOWN SUICIDES become MURDER.

GENOCIDE, CRIMES AGAINST HUMANITY.

THE ACCUSED are an active party to the created climate of inhumane acts on civilian populations, including the beginnings of the destruction of an identifiable group - people with exemptions - who CANNOT buy food at a grocery store, as well as those who have valid reasons for not receiving vaccinations, as well as those who do not wish to disclose vaccination status.

It is inhumane to coerce an employee or civilian population to act against their own self interest that is related to basic survival such as earning a livelihood, owning and caring for one's own body and health without proof that mandated measures are safe, and without proof from evidence presented in a manner that is consistent with DUE PROCESS.

THE ACCUSED are an active party to the destruction of DUE PROCESS by failing to recognize fundamental human values, such as requiring evidence and the back and forth exchange of communication for the purpose of understanding and collaboration, as well as for providing PROOF and evidence.

THE ACCUSED are an active party to elements of TORTURE such as "demonstrating omnipotence" and treating the "employee population" or the civilian population as cattle.

THE ACCUSED are an active party to the circumstances that has led to a dangerous increase in STILL BIRTHS from mothers who were vaccinated.

THE ACCUSED are an active party to the circumstances that has led to a dangerous increase in SUICIDES and SUICIDE attempts.

THE ACCUSED are an active party to GENOCIDE by casing serious mental harm to members of the "employee population" or civilian population, deliberately inflicting on the "employee population" or civilian population conditions of life to bring about its destruction in whole or in part.

THE ACCUSED committed inhumane acts by not accommodating to the point of UNDUE HARDSHIP, specifically by not verifying that the ORDERS in COUNCIL signatures signed by the Ontario Lieutenant Governor are authentic, that SARS-COV-2 is not in the records of Health Canada, Ontario Ministry of Health, the local Police force, and other pertinent agencies.

THE ACCUSED committed inhuman acts by violating DIGNITY and worth of the "employee population" and civilian population - in whole or in part.

THE ACCUSED are parties to the ensuing "economic sabotage" of the Province, causing hardships in numerous forms, that have led to LOCKDOWN SUICIDES becoming MURDER, and now an increase in STILL BIRTHS from vaccinated mothers.

THE ACCUSED committed violations towards the destruction and disrespect of the identifiable groups, in whole or in part, after being successfully trained with respect to human rights, and the multiracial and multicultural character of Ontario society [s35(2) Comprehensive Ontario Police Services Act, 2019, S.O. 2019, c. 1]. There is no excuse for their behaviours under s21 of the criminal code.

Section 126 - Disobeying a Statute.

PARLIAMENT - the Queen, the Senate, and the House of Commons did disobey the Canadian Bill of Rights by failing to "ensure the protection of these rights and freedoms in Canada" as detailed out in the 3rd sentence of the Canadian Bill of Rights.

PARLIAMENT, instead of ensuring the protection of these rights and freedoms, PARLIAMENT helped defeat these rights and freedoms.

DUE PROCESS was not protected by PARLIAMENT, as the Lieutenant Governor of Ontario defeated, perverted, and obstructed section 1(a) of the Canadian Bill of Rights, as well as other Canadian Bill of Rights sections, and numerous other Charter rights and freedoms.

A CRIMINAL ACCUSATION of FORGERY (s366) on the Ontario ORDERS in COUNCIL, as well as HOAX regarding Terrorism was recklessly ignored.

THE ACCUSED disobeyed statutes - disrespecting and not safeguarding the fundamental rights and freedoms and human rights code.

Section 21- Party to offence.

THE ACCUSED did unlawfully commit and/or were parties to numerous offences perpetrated by the Lieutenant Governor of Ontario Elizabeth Dowdeswell, Ontario Premier Doug Ford. In

particular, violating section 126 of the Criminal Code - Disobeying a Statute. The statute violated was section 7.0.2 (1) & (3) of the Emergency Management and Civil Protection Act, as well as the Canadian Bill of Rights. Emergency measures were not in accordance with the Canadian Charter of Rights and Freedoms, nor the Canadian Bill of Rights, nor the Human Rights Code. The measures violated section 1 of the Charter as there was never any sworn, under oath DEMONSTRABLY JUSTIFIED evidence or reasoning for an emergency declaration.

THE ACCUSED aided and/or assisted the criminal code conduct of the Ontario Lieutenant Governor by not SAFEGUARDING fundamental rights and freedoms and the Human Rights Code by being silent. DUE PROCESS requires evidence, and **THE ACCUSED** criminally and negligently aided the commission of the crimes committed by the Ontario Lieutenant Governor by being silent and just following orders.

The emergency measures violated virtually every aspect of section 2 of the Charter, and Canadian Bill of Rights. In particular, one's ability to have an alternative opinion and/or belief due to overwhelming fear mongering and false facts regarding how hospitals and test centers were overloaded - they were not. Freedoms affected were freedom of peaceful assembly, freedom of association. The measures isolated virtually everyone in Ontario. Isolation is known to cause SUICIDES. The accused is party to the offence of MURDER, as LOCKDOWN SUICIDES become MURDER. Similarly with health related deaths due to the emergency measures. A very significant right of the gaining a livelihood was violated on a large scale, and the accused aided and/or assisted by not SAFEGUARDING fundamental rights and freedoms and the Human Rights Code by just following orders.

THE ACCUSED failed to question the experimental injections, suicides, STILL BIRTHS of vaccinated mothers, mental health impacts and crimes against humanity since the initial lockdown.

Sections 83.01 (1) (b) and 83.231 (1) - Domestic Terrorism, and HOAX regarding Terrorism -

THE ACCUSED were parties to the offence of Terrorism and HOAX regarding Terrorism.

THE ACCUSED did cause and/or were parties to public intimidation with regards to its security including economic security, causing persons to do or refrain from doing any act, such as freedom of assembly, freedom of the right to the gaining of a livelihood, freedom to not breathe in one's own CARBON DIOXIDE, among other things. This recklessly endangered the lives of children, elderly, the vulnerable, and the healthy segment of the population. The accused also caused and/or were parties to serious disruption and interference of essential services. **THE ACCUSED** never verified or supplied sworn records or sworn proof of the criteria and circumstances for a Declaration of Emergency and never disclosed which resources or which circumstances existed in section 7.0.1 (3) 2.

It is deemed to be a HOAX without such sworn under oath DEMONSTRABLY JUSTIFIED proof required by section 1 of the Canadian Charter of Rights and Freedoms. This also violates DUE PROCESS.

THE ACCUSED acted with intention and wanton and reckless disregard for the lives of the employee population, causing severe hardships, reckless child endangerment, and SUICIDES. The report on the 129 day Declaration of Emergency did not divulge the resources, criteria and circumstances for the declaration of Emergency nor was it ever divulged under oath to the population at any other point. It can easily be said that the resources in question in section 7.0.1 (3) 2 were staples or paper clips or even tap shoes. The accused were parties to the offence as the Lieutenant Governor failed to disclose sworn records containing proof that the alleged SARS-COV-2 virus in fact exists as Ontario public health has NO RECORDS.

"Deaths are included whether or not COVID-19 was determined to be a contributing or underlying cause of death as indicated in the iPHIS field Type of Death." (source = <https://files.ontario.ca/moh-covid-19-report-en-2020-06-26.pdf> page 14)

"There is no question that there will be a challenge to the coming administration in the arena of infectious diseases," Dr. Fauci said during a speech at Georgetown University (July 2017), adding, "the thing we're extraordinarily confident about is that we're going to see this in the next few years."

One example of a very significant essential service that was seriously disrupted and interfered with is access to a Justice of the Peace by any member of the population. The "JP" office (the INTAKE OFFICE at the Ontario Court of Justice) has not been processing private prosecution applications from the population to this day since March 2020. The population does not have access to a "JP". Another essential service that was seriously disrupted and interfered with is access to health care. Another essential service that was seriously disrupted and interfered with is access to buying food. People with exemptions are being denied access to grocery stores as well as other business. Interfering with access to food or essentials must be considered as attempted murder due to the historical nature of past mass starvations.

Numerous Police Departments are closed to the population, an essential service interfered and/or obstructed.

Deaths by suicides are a direct result, and the accused are also accused of being party to MURDER, as LOCKDOWN SUICIDES become MURDER, as the accused went along following orders.

The accused were presented with a CRIMINAL INFORMATION regarding a criminal code violation of FORGERY (s366) concerning the ORDERS in COUNCIL signed by the Lieutenant Governor, and were shown severe material alterations, erasures, obliterations, or removal, or any other ways.

The accused refused to take in the information thereby being parties to the offence.

Section 122 - Breach of trust.

THE ACCUSED breached trust by acting out of self-interest while discharging a public duty they have no authority to act on. **THE ACCUSED** breached trust by failure to discharge the proper duties imposed on them.

Breach of trust involves abusing a position of authority for self-benefit and against the interests of the person to whom you owe the duty of trust.

THE ACCUSED refused to take in a report of crimes of FRAUD committed via Provincial Debt, as well as Federal Debt - as the accused did not want to be the one filing a report against The Lieutenant Governor, or Governor General among other high profile persons as this could be a career ending move and possibly dangerous to the life of the accused.

THE ACCUSED refused to take in a report of crimes of HOAX regarding Terrorism, Terrorism, Torture, and numerous other crimes committed by the Lieutenant Governor - as the accused did not want to be the one filing a report against The Lieutenant Governor, or Governor General among other high profile persons as this could be a career ending move and possibly dangerous to the life of the accused. **THE ACCUSED** breached trust by failing to SAFEGUARD EQUALITY BEFORE THE LAW and the PROTECTION OF THE LAW.

THE ACCUSED were presented with a CRIMINAL INFORMATION regarding a criminal code violation of FORGERY (s366) concerning the ORDERS in COUNCIL signed by the Lieutenant Governor, and were shown severe material alterations, erasures, obliterations, or removal, or any other ways. **THE ACCUSED** refused to take in the information thereby being parties to the offence of Breach of Trust. Children and teens and the unborn became debt laden. No one has the authority to put people born 1,000 years from now into debt.

Section 128 - Misconduct.

THE ACCUSED are parties to peace officers or coroners misconducting themselves by failing to report issues to police, and by going along with the misconduct.

There are numerous reports in a variety of medium that CORONERS are involved with fraudulent death certificates labelling COVID for deaths completely unrelated to the death, or if there were co-morbidities.

Deaths were labelled COVID-19 for even gunshot deaths. By being silent, the accused were parties in some form for autopsies to no longer be performed, never being able to prove nor verify cases. The so called virus was never isolated nor purified. The PCR test is not a valid test, and the numbers have no standing.

"Deaths are included whether or not COVID-19 was determined to be a contributing or underlying cause of death as indicated in the iPHIS field Type of Death." (source = <https://files.ontario.ca/moh-covid-19-report-en-2020-06-26.pdf> page 14)

Section 139 (2) - Obstructing Justice.

THE ACCUSED were parties to defeating, obstructing and perverting the course of justice by being silent on the failures of the justice system. Police clearly do not care about LOCKDOWN SUICIDES, nor the now increasing levels of STILL BIRTHS, and the accused are parties to this by being silent, and just following orders.

THE ACCUSED refused to hear and accept a CRIMINAL INFORMATION that clearly shows FORGERY (CC s366) on the ORDERS in COUNCIL. The FORGERY is related to the Declarations of Emergencies, the Stay at home orders, the Extensions of Declarations of Emergencies, how LOCKDOWN SUICIDES and LOCKDOWN health deaths become Homicide/MURDER.

THE ACCUSED were parties to the obstruction, perversion and the defeating the course of justice by refusing to hear/accept information regarding the obstruction and interference of essential services, such as the population cannot have access to the Ontario Court of Justice INTAKE OFFICE by way of laying a PRIVATE INFORMATION as applications have not been accepted/processed since March 17, 2020.

THE ACCUSED refused to hear/accept information regarding the obstruction and interference of essential services, such as the population cannot have access to certain grocery stores. People are being turned away at grocery stores and the accused are responsible for all acts of GENOCIDE. This is the tending towards the destruction of an identifiable group of people - (people who are exempt from the mask mandates, or those who do not wish mandatory vaccinations, etc).

THE ACCUSED refused to hear and take in the information of how this causes fear for general population or "employee population" for their own security, including economic security, and again, how the entire family would be affected.

THE ACCUSED refused to hear how the HUMAN RIGHTS CODE was violated.

Furthermore, **THE ACCUSED** refused to hear/accept information that LOCKDOWN SUICIDES become MURDER.

The Canadian Bill of Rights states in the 3rd sentence:

Parliament "shall ensure the protection of these rights and freedoms in Canada".

THE ACCUSED were parties to this violation by being silent, and just following orders.

Disobeying a statute is a criminal code violation - section 126.

Section 17 of the 1867 Constitution Act states that Parliament is the Queen, the Senate, and the House of Commons.

THE ACCUSED were parties to defeating "DUE PROCESS".

DUE PROCESS requires evidence, questioning and proving evidence, and much more. Parliament failed to ensure the protection of these rights as the Lieutenant Governor - Elizabeth Dowdeswell - signed ORDERS in COUNCIL defeating, obstructing, interfering and perverting the course of justice as well as our rights and freedoms to the point people are refused the ability to buy food - an essential service - and the hallmark of GENOCIDE. The right to the gaining of a livelihood is now at serious risk, and the accused are directly involved in this inhumane act.

Numerous other criminal code violations were committed - such as: S83.01 (1) (b) - terrorism - as our ability to file a criminal information with the Ontario Court of Justice INTAKE OFFICE was obstructed and interfered with. This is TERRORISM.

The Lieutenant Governor never once provided sworn proof of any evidence requiring a declaration of emergency, it is deemed a HOAX, section 83.231 (1) - HOAX regarding Terrorism. Defeating the course of justice is also OBSTRUCTING JUSTICE, s139(2), 10 years in prison. Deaths have occurred, s220 CRIMINAL NEGLIGENCE CAUSING DEATH, as well as s229(c) CULPABLE HOMICIDE is MURDER. LOCKDOWN SUICIDES become MURDER.

The signatures on the ORDERS in COUNCIL require Police to question the Lieutenant Governor on the authenticity of the ORDERS in COUNCIL, as there are signature alterations, no names of signed persons, no "signed at" location, no O-Reg number on the signature page, and no SEAL or STAMP to authenticate the signatures on the ORDERS in COUNCIL. This is FORGERY, s366 of the criminal code. As well, the Ontario DEBT is about 400 Billion dollars. If we could get to a 250 million dollar surplus, it would take 1600 years to pay off. The FEDERAL DEBT is over 1 trillion dollars. If we could get to a surplus of 500 million dollars, it would take 2000 years to pay off that debt.

Children born 1000 years from now would be forced to pay for the lives of people who lived and died 1000 years before them. This is criminal code violation, section 380 - FRAUD. This is just the short list of criminal code violations by "Parliament", and the Lieutenant Governor of Ontario - that the accused refused to hear/accept CRIMINAL INFORMATION on.

THE ACCUSED continue to do nothing, as they have proven to do nothing to safeguard our rights and freedoms and the Human Rights Code, the police are Parties to the offences - section 21 criminal code.

THE ACCUSED was party to obstruction, perversion and the defeat of the course of justice.

Section 176 - Obstructing religious services

PARLIAMENT did not SAFEGUARD freedom of assembly, as well as in relation to religious services, or assemblies of good or moral purpose. **THE ACCUSED** were parties to the offence by doing nothing to SAFEGUARD this or report the violations to Police.

Obstructing religious services and gatherings for good or moral purposes. Emergency measures violated Charter section 2 (c), obstructing religious worship and/or gatherings for good or moral purposes, as well as Canadian Bill of Rights section 1(c).

Section 180 - Nuisance.

THE ACCUSED were parties to endangering the lives, safety, or health of the public, including the "employee population" by following orders in a manner similar to what happened in Germany in the 1930's or 1940's.

THE ACCUSED were parties to obstructing or interfering with rights that are common to all the subjects of Her Majesty in Canada.

Section 218 - Reckless Endangerment of Children.

THE ACCUSED were parties to the reckless endangerment of the lives of children by participating with the measures and by being silent on measures that violated DUE PROCESS. Masks and social distancing damage children, actually almost everyone. Children have become docile on

school buses and within schools. CARBON DIOXIDE, trapped within a mask will do this. CARBON DIOXIDE causes active rats/rodents/animals to slow down, then lie down, then die painlessly. CO2 is listed as a TOXIC SUBSTANCE, item #74 of the Canadian Environmental Protection Act, 1999. Oxygen deprivation occurs as the mask becomes a CO2 retention chamber. Children are berated by other children for not wearing a mask – even while exempt.

Section 219 - Criminal Negligence.

THE ACCUSED showed a wanton and reckless disregard for the lives of those who committed SUICIDE due to the LOCKDOWN measures, as well as the increasing numbers of STILL BIRTHS from vaccinated mothers.

THE ACCUSED showed a wanton and reckless disregard for the lives of the "employee population" who do not wish to disclose vaccination status due to fear of bodily harm from the vaccination.

THE ACCUSED showed a wanton and reckless disregard for the lives of the "employee population" by putting employees at risk of losing the right to the gaining of a livelihood.

THE ACCUSED failed to protect the "employee population" from breathing in their own CO2, a known toxic substance, listed in the schedule as item #74 of the Canadian Environment Protection Act. CO2 is used to UETHENIZE rats, rodents, pigs, etc.

Section 220 - Criminal Negligence causing death.

THE ACCUSED, through attitudes via conduct, and continued conduct, were parties to the deaths due to LOCKDOWN SUICIDES as well as the rise in STILL BIRTHS, as well as LOCKDOWN HEALTH CARE SYSTEM related deaths - by going along with the measures that go against DUE PROCESS.

THE ACCUSED refused to hear that the Lieutenant Governor of Ontario did cause LOCKDOWN SUICIDES and now STILL BIRTHS as a result of the DECLARATION OF EMERGENCY that was never accompanied by any proof, demonstrable justification, and ORDERS in COUNCIL documents that shows clear signs of FORGERY.

THE ACCUSED were parties to MURDER. In the least, isolation has SUICIDE victims.

THE ACCUSED supported the circumstances for SUICIDES, especially child and teen SUICIDES.

Section 229 (c) - Culpable Homicide is MURDER.

THE ACCUSED were parties to the deaths due to LOCKDOWN SUICIDES and STILL BIRTHS, as well as LOCKDOWN HEALTH CARE SYSTEM related deaths.

THE ACCUSED refused to hear that the Lieutenant Governor of Ontario did cause LOCKDOWN SUICIDES and now STILL BIRTHS as a result of the DECLARATION OF EMERGENCY that was never accompanied by any proof, demonstrable justification, and ORDERS in COUNCIL documents that shows clear signs of FORGERY.

THE ACCUSED were parties to MURDER. In the least, isolation has SUICIDE victims.

THE ACCUSED supported the circumstances for SUICIDES, especially child and teen SUICIDES.

Section 245 - Administering a Noxious substance.

THE ACCUSED were parties to the offence of Administering a Noxious Substance. The "employee population" and civilian population was forced to wear facemasks, forcing the "employee population" and civilian population to breathe in a noxious/toxic substance. CO2 is listed as a TOXIC SUBSTANCE, item #74 of the Canadian Environmental Protection Act, 1999. CO2 painlessly kills and without notice or warning.

CO2 is used to UETHENIZE rats, rodents, pigs, etc.

Section 269.1 - TORTURE.

THE ACCUSED were parties to the offence of **TORTURE**.

Every element of **TORTURE** is satisfied as a result of the non **DEMONSTRABLY JUSTIFIED** measures, without any protection to the population. There is **NO DEFENCE** for **TORTURE** - even in a public emergency. The elements of **TORTURE** are: isolation, monopolization of perception, humiliation and degradation, exhaustion, threats, occasional indulgences, demonstrating omnipotence, and forcing trivial demands. **SUICIDES** and hardships are a result.

Section 346 - Extortion.

THE ACCUSED were parties to the offence of Extortion. Extortion was committed on the general population as well as "employee population" and civilian population by the **NON DEMONSTRABLY JUSTIFIED** measures. When provided with evidence and criminal reports, **THE ACCUSED** chose to do **NOTHING** and criminally neglected the information.

Section 361 - False Pretence.

THE ACCUSED were parties to the offence of False Pretence. **THE ACCUSED** ignored or misrepresented fact based evidence, including the number of cases, the unreliable PCR test, case load of hospitals, which are known to be nearly empty prior to vaccinations. Prior to vaccinations, there was less than 1 person in intensive care per hospital in Ontario.

Section 366 - Forgery

THE ACCUSED refused to authenticate and/or validate the signatures on the **ORDERS** in **COUNCIL** documents signed by the Lieutenant Governor of Ontario. The signatures are extremely questionable, as is the whole set of **ORDERS** in **COUNCIL** documents. This lack of authentication and validation deems the so called **EMERGENCY** a **HOAX**.

THE ACCUSED were parties to **FORGERY** by being silent and not reporting it to the Police.

Section 380 - Fraud.

The accused were parties by not doing anything to protect children and teens from extreme government debt. As well, the accused were parties to assist to put babies born hundreds of years out from now into debt for the lives of people who have lived and died many years before them. This constitutes being party to an offence of **FRAUD**. The measures were not **DEMONSTRABLY JUSTIFIED** to incur exorbitant costs on the adult population as well.

Ontario Public Health, and Health Canada have no records of the isolated so called "virus".

The Ontario Provincial debt is approximately \$400 billion dollars. If the Province of Ontario ever could get to a surplus of \$250 million dollars, it would take 1600 years to pay it off. This is **FRAUD**. The Federal Debt is at least \$1 trillion dollars. If the Federal Government ever could get to a surplus of \$500 million dollars, it would take 2000 years to pay it off. This is **FRAUD**.

THE ACCUSED were parties to this offence by refusing to take in and investigate a **CRIMINAL INFORMATION** that lists this as one of the crimes to be reported, as well as the **HOAX** nature being reported that has escalated the size of the respective debts of the jurisdictions mentioned herein.

CRIMINAL Debt levels

Section 423 - Intimidation.

THE ACCUSED were parties to the offence of Intimidation.

There is coercion through threats of job loss (income loss) for non compliance of these NON DEMONSTRABLY JUSTIFIED measures.

Section 429 (1) - Wilfully causing EMERGENCY.

THE ACCUSED were parties to the offence of Wilfully causing EMERGENCY.

THE ACCUSED did wilfully cause affected rights and freedoms to be violated on a grand scale by way of action on the "employee population", and action in support of orders that had questionable signatures on the ORDERS in COUNCIL by the Lieutenant Governor of Ontario.

Section 430 - Mischief.

THE ACCUSED were parties to the offence of Mischief by being silent.

An extreme amount of property was interfered with in a variety of ways. Properties were rendered useless, inoperative or ineffective – businesses, churches, vehicles, etc, including production facilities.

Section 467.11 (1),(2) - Participation in activities of criminal organization

THE ACCUSED participated with criminal organizations.

THE ACCUSED actively enforced their illegal and unlawful measures and mandates while also extorting their own employees to take the experimental injections through threat and intimidation of job loss or loss of income if an employee refused to take the injection. Employees were denied the option of taking paid alternative duties and/or accommodations if they exercised their right not to disclose their medical information.

Violation of bill s201 “Anti genetic discrimination act” – **THE ACCUSED** did ask employees to undergo rapid antigen tests as well as PCR tests.

Violation of the Personal Information Protection and Electronic Documents Act, 2000 (PIPEDA) as well as the Personal Health Information Protection Act, 2004 (PHIPA) as well as the Ontario Occupational Health and Safety Act, R.S.O. 1990, c. O.1 and the Municipal Freedom of Information and Protection of Privacy Act, RSO 1990. The same privacy laws apply to all employees.

THE ACCUSED did not provide Informed consent. Informed consent means that the person who will administer the medical treatment or procedure, needs to inform you of all the benefits and risks associated with the medical treatment or procedures as well as alternative treatments before you decide if you will consent or not. This is medical freedom. These are our God-given inalienable rights.

Elements of consent: your expressed, informed and explicit consent (voluntary) must be obtained prior to treatment. Without consent it is considered assault under the Criminal Code of Canada. Consent given under fear or duress is not consent. Section 265(3) of the Criminal Code of Canada defines consent in relation to assault as:

Consent

265(3) For the purposes of this section, no consent is obtained where the complainant submits or does not resist by reason of

- (a) the application of force to the complainant or to a person other than the complainant;
- (b) threats or fear of the application of force to the complainant or to a person other than the complainant;
- (c) fraud; or
- (d) the exercise of authority.

The Ontario Health Care Consent Act, 1996 defines “consent” as well :

Consent to Treatment

No treatment without consent

10 (1) A health practitioner who proposes a treatment for a person shall not administer the treatment, and shall take reasonable steps to ensure that it is not administered, unless,

- (a) he or she is of the opinion that the person is capable with respect to the treatment, and the person has given consent; or
- (b) he or she is of the opinion that the person is incapable with respect to the treatment, and the person’s substitute decision-maker has given consent on the person’s behalf in accordance with this Act. 1996, c. 2, Sched. A, s. 10 (1).

Elements of consent

11 (1) The following are the elements required for consent to treatment:

1. The consent must relate to the treatment.
2. The consent must be informed.
3. The consent must be given voluntarily.
4. The consent must not be obtained through misrepresentation or fraud. 1996, c. 2, Sched. A, s. 11 (1).

Treatment is defined in the Ontario Health Care Consent Act, 1996 as follows:

“means anything that is done for a therapeutic, preventive, palliative, diagnostic, cosmetic or other health-related purpose, and includes a course of treatment, plan of treatment or community treatment plan”. This definition would include any vaccination or any COVID-19 test, as they are both, allegedly, “preventive”, “diagnostic” and for a “health-related purpose”.

The Nuremberg Code, to which Canada is a signatory, states that it is essential before performing a medical procedure on human beings, that there is voluntary informed consent. It also confirms a person involved should have legal capacity to give consent, without the intervention of any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion; and should have sufficient knowledge and comprehension of the elements of the subject matter involved as to enable him/her to make an informed decision.

Nuremberg Code: Article 6, Section 1:

Any preventative, diagnostic and therapeutic medical intervention is only to be carried out with the prior, free and informed consent of the person concerned, based on adequate information. The consent should, where appropriate, be expressed and may be withdrawn by the person concerned at any time and for any reason **without disadvantage or prejudice**.

Nuremberg Code: Article 6: Section 3:

In no case should a collective community agreement or the consent of a community leader or other authority substitute for an individual’s informed consent.

By forcing employees to submit to a COVID-19 vaccination or test (including the rapid antigen test), you will also be in breach of the Nuremberg Code.

Furthermore, the Supreme Court of Canada has well established case law that deals with medical treatment without the informed consent of the patient. Case law, to some in the legal field, would be regarded as the most recent, gold-standard-type of law. As you know, being a significant figure in the corporation, case law cannot be overturned or overruled without new case law on that issue. Corporate principals have a duty to be up to date and knowledgeable on recent case law. The Supreme Court of Canada has made it clear that it is **unconstitutional** to force medical treatment of any kind without the informed consent of the patient. Any action taken by the accused in contravention of case law, would be unlawful. Furthermore, ignorance of case law could be considered wilful blindness or neglect of duty, to name a few.

I will say:

"Unlike some countries, immunization is not mandatory in Canada; it cannot be made mandatory because of the Canadian Constitution." (page 3, 3rd paragraph)

THE ACCUSED stated that exemptions are few and accommodations will be rare.

THE ACCUSED have, and are supporting obstructing justice by eliminating DUE PROCESS (s1(a)), intentionally intimidating a segment of the public such as "**an employee population**" with regard to its security, including its economic security, compelling a person to do or to refrain from doing any act such as maintaining bodily integrity, belief, conscience, thought, religion, liberty, gaining a livelihood, and possibly life.

THE ACCUSED has, and are defeating, interfering, obstructing, and perverting inherent dignity and inalienable rights, perverting dignity and worth of persons to feel part of the community and making persons unable to contribute fully to the development and well-being of the corporation, the

community and the Province. **THE ACCUSED** violate cc s126, disobeying a statute, namely the Human Rights Code, R.S.O. 1990, c H.19.

THE ACCUSED are committing high treason by levying a war against Canada by subverting, defeating, interfering, and obstructing the laws of Canada. (cc s46(1)(b)). **THE ACCUSED** committed offences against the laws of Canada and the laws in force in the province.

THE ACCUSED are acting in a disorderly manner by defeating Charter protections by overriding legislative powers, without authority, and are a danger to others and possibly themselves as they are acting in a disorderly manner in such a way that has caused fear of bodily harm by their actions. There is a possibility of serious bodily harm to others, and **THE ACCUSED** are showing no empathy or remorse or anything towards other human beings for the fear they are inducing and are openly putting people in danger in a reckless way as vaccine deaths and LOCKDOWN SUICIDES become MURDER. (cc s220, s229(c)). **THE ACCUSED** are draining people emotionally, deliberately inflicting on the group conditions of life to bring about its destruction in whole or in part, putting lives at risk, including the risk of SUICIDE - this is a mental disorder. **THE ACCUSED** are referring to Health officials, whom have caused vaccine deaths shortly after injection. (**Randy Hillier OPP letter**)

THE ACCUSED are defeating, obstructing, interfering with the right to the gaining of a livelihood, and stating that accommodations will not be accepted. This violates the Canadian Human Right Act R.S.C, 1985, c H-6, as well as the Human Rights Code, R.S.O. 1990, c H.19, and **THE ACCUSED** are disobeying a statute (cc s126).

Demonstrating omnipotence by violating section 31 of the Charter. Torture (cc s269.1)

Demonstrating omnipotence by.....

THE ACCUSED are violating privacy laws.

THE ACCUSED are forcing the breathing in of one's own CARBON DIOXIDE, cc s245 violation. CARBON DIOXIDE is a known toxic substance, item #74 in the Canadian Environmental Protection Act, 1999 (S.C. 1999, c 33). CARBON DIOXIDE is used to EUTHANIZE rat, rodents, pigs, etc.

THE ACCUSED have extended legislative powers on their own accord, by imposing on contractors, vendors, and visitors to company sites, violating section 31 of the Charter.

THE ACCUSED refuses to accommodate to the point of undue hardship, and not even read a CRIMINAL INFORMATION that they are parties to the offence of, so as to correct or adjust their behaviours, and that of the Bank. This is a violation of CRIMINAL NEGLIGENCE (cc s219).

THE ACCUSED are parties to CRIMINAL NEGLIGENCE causing death (cc s220).

THE ACCUSED are parties to CRIMINAL NEGLIGENCE causing bodily harm (cc s221).

THE ACCUSED are overstepping their boundaries by not respecting the dignity of each person, by trying to take care of the health of others without knowing anything about another.

The accused were either rude, discourteous, or unprofessional in their conduct.

The Declarations of Emergency are deemed to be a HOAX, as fundamental justice and DUE PROCESS have been severely violated to the point of psychopathic criminality, as there were never any disclosure sworn under oath and presented to the population of Ontario.

Mortalities are no different year after year, and there is no danger of major proportions as stated in "ONTARIO REGULATION 7/21" and "ONTARIO REGULATION 50/20" as follows:

Ontario: 7 months, Feb-Aug, inclusive:	61,090	60,610

(September not yet available)

Six months prior to the Declaration of Emergency, the GPMB put out a document with a copyright date of 2019, with a released date of September 2019, telling of a UN and WHO planned simulation and training exercise for the release of a lethal respiratory pathogen - by September 2020.

"Progress indicator(s) for September 2020"

"The United Nations (including WHO) conducts at least two system-wide training and simulation exercises, including one for covering the deliberate release of a lethal respiratory pathogen."

PARLIAMENT failed to SAFEGUARD against FRAUDS on GOVERNMENT, as the UNITED NATIONS and WORLD BANK stated that there would be a training and simulation exercise in relation to a deliberate release of a lethal respiratory pathogen by September 2020. The accused refused to take in the criminal information on this matter and were therefore parties or complicit in the offenses.

The emergency orders did not accompany any definitive DEMONSTRABLY JUSTIFIED information per the act to prevent, reduce or mitigate a danger of major proportions that was sworn under oath and easily verified, violating the most fundamental laws, violating fundamental justice.

On March 17, 2020, according to the Government of Canada website showing "history" to that point, there was only one case, and one death. This is not a pandemic of major proportions.

THE ACCUSED were parties to following a path, without real justification and caused serious harm in virtually all areas of life. The accused caused far greater collateral damage and serious harm than the benefits from the emergency measures.

There was no "emergency" that required a Declaration of Emergency. There was no situation or impending situation that constituted a danger of major proportion. HOWEVER, THERE IS ONE NOW BECAUSE OF THE EMEGENCY MEASURES and the conduct of PARLIAMENT. The accused recklessly endangered the lives of a significant portion of the population by being silent and just following orders. The accused did create a danger of major proportion with the unjustified DECLARATION OF EMERGENCY. The accused were responsible for suicides. The accused did commit MURDER by being parties to offences.

There is never, or nearly never, any discussion of a healthy lifestyle, such as a natural food diet, etc. Almost nothing from officials are to strengthen the population. Severe panic was created. MURDER occurred. The accused were parties to the offences.

The accused refused to accept the 141 page CRIMINAL INFORMATION.

THE ACCUSED acted disrespectfully, and were rude, as some of the rudeness was of a nature that is best described as "POLITELY RUDE", or "POLITELY UNCIVIL".

No evidence that either pathogen is isolated, nor a basis for the Declarations of Emergencies, and related ORDERS in COUNCIL. It is deemed a HOAX.

No one is getting sick from a pathogen.

W.H.O. stated COVID-19 could be declared with no lab evidence, just clinical symptoms.

Otherwise, there would actually have to be a test for a virus. The PCR test is not a valid test, and the results are all null and void. This would be the equivalent of pointing a digital handheld thermometer as a RADAR gun. A digital thermometer is not an approved instrument for testing the velocity of a motor vehicle, thereby making any result from a digital thermometer null and void if used in this application of measuring vehicle velocity.

Now injecting people with MRNA computer simulation of a spike protein thought to be modeled off of the possible SARS-COV-2. An injection for the body to produce a foreign pathogen. This is not a vaccine for so called COVID.

The DECLARATION OF EMERGENCY was part of a UN and WHO system-wide training and simulation exercise of a deliberate release of a lethal respiratory pathogen. See documentation below (approximately 141 pages to follow). The actions taken are an

inhumane act on a civilian population. It was planned before September 2019. There was only 1 case and 1 death in Canada as of March 17, 2020 - and not sworn under oath. This is not a Pandemic, rather a wilful creation of an emergency.

"Over **48** institutions and offices around the world have been queried through Freedom of Information requests for records containing proof that the alleged SARS-COV-2 virus in fact exists or has even been isolated. The responses have yielded in total **NO RECORDS**. Canadian public health officials, including the Public Health Agency of Canada, Health Canada, the National Research Council of Canada and the Ontario Ministry of Health have **ZERO** legitimate evidence to support their story of a "COVID-19 virus" let alone a "COVID-19" pandemic. The virus is unproven and purely theoretical. They have committed FRAUD on the population."

PARLIAMENT acted on or in conjunction with fraudulent orders - see signatures of **ORDERS in COUNCIL**. All accused never cared to see the **ORDERS in COUNCIL** and the signatures that they were acting under. They were criminally negligent, and are accused of **CULPABLE HOMICIDE is MURDER** (s229(c)) as well as **CRIMINAL NEGLIGENCE causing DEATH** (s220).

PARLIAMENT and the Ontario Lieutenant Governor failed to SAFEGUARD fundamental rights and freedoms and the Human Rights Code - during an emergency declaration as well as after an emergency declaration was revoked - and the accused were parties to this.

Emergency Orders have no purpose other than "**in times of declared emergencies**" - EMCPA s7.0.2(1). The Reopening Act has no purpose outside of "declared emergencies", nullifying all orders. Only the Lieutenant Governor (unelected) may revoke orders - s5 Reopening Act.

THE ACCUSED failed to question proof for the need for a Declaration of Emergency - when details were not precise. The accused were parties to the offence of MURDER (s220, s229(c)) as LOCKDOWN SUICIDES become MURDER. There is no proof/evidence for subsection 7.0.1(3) of the Emergency Management and Civil Protection Act to be invoked - 3 times. Never once were the details disclosed that required a Declaration of Emergency, as the reports on the Emergency never discloses the "criteria, circumstances, or resources" stated in subsection 7.0.1(3) of the Act.

VACCINE DANGERS:

It is your duty to report the following risk to life to POLICE immediately.

(TRANSCRIBED from an interview)

"I am a natural doctor and I have 1600 patients, many are vaccinated - just to give you a little bit of back story about my credibility. What I have seen so far and what I've learned is all information from medical physicians, natural physicians and also immunization and virology doctors, things like that, and then also nurses.

So what I'm about to share with you is the 1st vaccine, the 2nd vaccine, and the boosters and what it does to your body. The 1st vaccine, as it goes into your body, it has a small amount of saline, and a whole bunch of ingredients that are very catastrophic to your cellular system.

What that does to your immune system, which is your bone marrow, thymus gland, your spleen, and all other systems associated with your immune system, it decreases the ability to produce white blood cells by 50% -

from your 1st vaccine. Then 8 weeks later, which is white blood cell reproductive system. So your ability to make another generation of white blood cells is 8 weeks - that's why they set it up 8 weeks later to hit it again.

So you hit the white blood cell ability while it's down. So now what you do is now - they decrease the saline in the 2nd one, and they increase the harmful ingredients. So now you have a shift in the ingredients. So they decrease the saline and increase the harmful ingredients. So, now there is a shift, and then what they do is that second dose attacks your ability to make white blood cells by additional 25%.

So now you only have an ability to make white blood cells functioning at 25%.

So you just wiped out 75% of your military and the ability to make that military.

Then what they do is they set in the booster. The booster has 81 strands of foreign bacteria that your cells have never come across. You don't have the antibodies to fight it. You only have 25% of your white blood cell production to be able to fight it. So it's a losing battle.

So then what starts to happen, you get chronic inflammation that goes to the areas that you had predisposition. So if you were someone that has gut health issues, that's your area that it's going to focus on, and you are going to have inflammation in the gut health. If it's respiratory, if you have a tumour or cancer, or if you have endometriosis, or you have a skin condition, whatever that is, it's going to inflame that area because now the body has hit the sympathetic nervous system, which is the fight or flight, and the body is in a chronic inflammatory state, with a low immunity and a low immune response.

Then you get your second booster. What the second has, it has 8 strands of HIV, and now what that does is it completely shuts off your ability to make white blood cells. And if you Google what that disease is, it is HIV.

So now we have people that are walking around with no immune system, no ability to make an immune system, 81 strands of foreign bacteria, and then also 8 strands of foreign HIV along with all the other harmful ingredients and then they remove all the saline from the first and second booster.

Now to make matters worse during this process, 20 to 30% of the population is going to die every single series of this process. There is 4 series. They have 3 more boosters that are coming out and the reason why is because - once they make you so that your immune system can't make white blood cells any more, you become dependent on the boosters to survive, just like some one becomes dependent on insulin.

Big Pharma is looking for people that either die off to protect our population control and then those that don't die off, we will have reoccurring customers for life with the boosters so that they will be able to maintain income and collect the money back from all the funding that they put in to make these vaccines in the first place.

So hope that was helpful I hope that you listen to this properly and I hope that you take the time to do your own critical thinking and just give it 2 to 3 years. every single animal that was part of that participated in the study for any of these vaccines had 100% death rate and I encourage you all to just take a moment look around you and just wait it out and just see - let's let nature take its course. Let's just see what happens.

Thank you."

A WORLD AT RISK

**Annual report on global preparedness
for health emergencies**

Global Preparedness Monitoring Board

September 2019

The United Nations must strengthen coordination mechanisms.

The Secretary-General of the United Nations, with WHO and United Nations Office for the Coordination of Humanitarian Affairs (OCHA), must strengthen coordination in different country, health and humanitarian emergency contexts, by ensuring clear United Nations systemwide roles and responsibilities; rapidly resetting preparedness and response strategies during health emergencies; and, enhancing United Nations system leadership for preparedness, including through routine simulation exercises. WHO should introduce an approach to mobilize the wider national, regional and international community at earlier stages of an outbreak, prior to a declaration of an IHR (2005) Public Health Emergency of International Concern.

Progress indicator(s) by September 2020

- The Secretary-General of the United Nations, with the Director-General of WHO and Under-Secretary-General for Humanitarian Affairs strengthens coordination and identifies clear roles and responsibilities and timely triggers for a coordinated United Nations systemwide response for health emergencies in different countries and different health and humanitarian emergency contexts.
- The United Nations (including WHO) conducts at least two system-wide training and simulation exercises, including one for covering the deliberate release of a lethal respiratory pathogen.
- WHO develops intermediate triggers to mobilize national, international and multilateral action early in outbreaks, to complement existing mechanisms for later and more advanced stages of an outbreak under the IHR (2005).
- The Secretary General of the United Nations convenes a high-level dialogue with health, security and foreign affairs officials to determine how the world can address the threat of a lethal respiratory pathogen pandemic, as well as for managing preparedness for disease outbreaks in complex, insecure contexts.

As an independent monitoring and advocacy body, the Global Preparedness Monitoring Board (GPMB) urges political action to prepare for and mitigate the effects of global health emergencies. Co-convened in May 2018 by the World Bank Group and the World Health Organization, the Board builds on the work of the Global Health Crises Task Force and Panel, created by the United Nations Secretary-General in the wake of the 2014-2016 Ebola epidemic. The Board works independently of all parties, including its co-conveners, to provide the most frank assessments and recommendations possible. The findings, interpretations, conclusions and opinions expressed in this report and by Board members represent their views only and not those of their organizations or of the co-conveners.

CRIMINAL INFORMATION

NAMES OF ACCUSED:

PARLIAMENT as defined by section 17 of the CONSTITUTION ACT, 1867

Constitution of Parliament of Canada

17 There shall be One Parliament for Canada, consisting of the Queen, an Upper House styled the Senate, and the House of Commons.

(all DOB's - UNKNOWN).

ADDRESS OF THE ACCUSED:

PARLIAMENT - the Queen, the Senate, the House of Commons

PARTICULARS OF OFFENCE:

DATE OF OFFENCE:

March 17, 2020 to present day.

LOCATION OF OFFENCE:

PARLIAMENT.

OFFENCES ALLEGED: GENOCIDE, CRIMES AGAINST HUMANITY, DISOBEYING A STATUTE, MURDER, CRIMINAL NEGLIGENCE CAUSING DEATH, CULPABLE HOMICIDE IS MURDER, RECKLESS ENDANGERMENT OF CHILDREN, CHILD ABUSE, ELDER ABUSE, HEALTHY PEOPLE ABUSE, BREACH OF TRUST, INHUMANE ACTS ON CIVILIAN POPULATIONS, BODILY HARM, MISCONDUCT, OBSTRUCTING JUSTICE, OBSTRUCTING RELIGIOUS SERVICES, NUISANCE, CRIMINAL NEGLIGENCE, ADMINISTERING A NOXIOUS SUBSTANCE, EXTORTION, FALSE PRETENCE, FRAUD, INTIMIDATION, WILFULLY CAUSING EMERGENCY, CRIMES AGAINST HUMANITY, MISCHIEF, TORTURE, DOMESTIC TERRORISM, HOAX regarding TERRORISM, and MURDER as LOCKDOWN SUICIDES become MURDER.

GENOCIDE, CRIMES AGAINST HUMANITY.

PARLIAMENT created the climate for inhumane acts on civilian populations, including the beginnings of the destruction of an identifiable group - people with exemptions - who CANNOT buy food at a grocery store.

PARLIAMENT acted to assist to enforce measures that led to irreversible harm, economic sabotage to Ontario, loss of income, loss of employment, loss of dignity, loss of health, and even loss of life (LOCKDOWN SUICIDES and experimental injection deaths) through failing to investigate

the alleged FORGERY accusations regarding ORDERS IN COUNCIL signed by the Lieutenant Governor of Ontario.

PARLIAMENT failed to act to protect against the crimes of the Ontario Lieutenant Governor, as PARLIAMENT criminally disobeyed a statute, violation section 126 of the criminal code, as PARLIAMENT INTENTIONALLY failed to ensure the protection of rights and freedoms in Canada, namely DUE PROCESS and equality and protection of the law.

Section 126 - Disobeying a Statute.

PARLIAMENT - the Queen, the Senate, and the House of Commons did disobey the Canadian Bill of Rights by failing to "ensure the protection of these rights and freedoms in Canada" as detailed out in the 3rd sentence of the Canadian Bill of Rights.

PARLIAMENT, instead of ensuring the protection of these rights and freedoms, PARLIAMENT helped defeat these rights and freedoms.

DUE PROCESS was not protected by PARLIAMENT, as the Lieutenant Governor of Ontario defeated, perverted, and obstructed section 1(a) of the Canadian Bill of Rights, as well as other Canadian Bill of Rights sections, and numerous other Charter rights and freedoms.

A CRIMINAL ACCUSATION of FORGERY (s366) on the Ontario ORDERS in COUNCIL, as well as HOAX regarding Terrorism was recklessly ignored.

Section 21- Party to offense.

PARLIAMENT did unlawfully commit and/or were parties to numerous offenses perpetrated by the Lieutenant Governor of Ontario. In particular, violating section 126 of the Criminal Code - Disobeying a Statute. The statute violated was section 7.0.2 (1) & (3) of the Emergency Management and Civil Protection Act, as well as the Canadian Bill of Rights. Emergency measures were not in accordance with the Canadian Charter of Rights and Freedoms, nor the Canadian Bill of Rights. The measures violated section 1 of the Charter as there was never any sworn, under oath DEMONSTRABLY JUSTIFIED evidence or reasoning for an emergency declaration.

PARLIAMENT aided and/or assisted the criminal code conduct of the Ontario Lieutenant Governor by not SAFEGUARDING fundamental rights and freedoms and the Human Rights Code.

DUE PROCESS requires evidence, and PARLIAMENT criminally and negligently aided the commission of the crimes committed by the Ontario Lieutenant Governor.

The emergency measures violated virtually every aspect of section 2 of the Charter, and Canadian Bill of Rights. In particular, one's ability to have an alternative opinion and/or belief due to overwhelming fear mongering and false facts regarding how hospitals and test centers were overloaded - they were not. Freedoms affected were freedom of peaceful assembly, freedom of association. The measures isolated virtually everyone in Ontario. Isolation is know to cause SUICIDES. The accused are party to the offence of MURDER, as LOCKDOWN SUICIDES become MURDER. Similarly with health related deaths due to the emergency measures. A very significant right of the gaining a livelihood was violated on a large scale, and the accused aided and/or assisted by not SAFEGUARDING fundamental rights and freedoms and the Human Rights Code.

Sections 83.01 (1) (b) and 83.231 (1) - Domestic Terrorism, and HOAX regarding Terrorism -

PARLIAMENT was parties to the offence of Terrorism and HOAX regarding Terrorism.

PARLIAMENT did cause and/or were parties to public intimidation with regards to its security including economic security, causing persons to do or refrain from doing any act, such as freedom of assembly, freedom of the right to the gaining of a livelihood, freedom to not breathe in one's own CARBON DIOXIDE, among other things. This recklessly endangered the lives of children, elderly, the vulnerable, and the healthy segment of the population. The accused also caused and/or were parties to serious disruption and interference of essential services. **PARLIAMENT** never verified or supplied sworn records or sworn proof of the criteria and circumstances for a Declaration of Emergency and never disclosed which resources or which circumstances existed in section 7.0.1 (3) 2. It is deemed to be a HOAX without such sworn under oath DEMONSTRABLY JUSTIFIED proof required by section 1 of the Canadian Charter of Rights and Freedoms. This also violates DUE PROCESS. They acted with intention and wanton and reckless disregard for the lives of the population, causing severe hardships, reckless child endangerment, and suicides. The report on the 129 day Declaration of Emergency did not divulge the resources, criteria and circumstances for the declaration of Emergency nor was it ever divulged under oath to the population at any other point. It can easily be said that the resources in question in section 7.0.1 (3) 2 were staples or paper clips or even tap shoes. The accused were parties to the offence as the Lieutenant Governor failed to disclose sworn records containing proof that the alleged SARS-COV-2 virus in fact exists as Ontario public health has NO RECORDS. "Deaths are included whether or not COVID-19 was determined to be a contributing or underlying cause of death as indicated in the iPHIS field Type of Death." (source = <https://files.ontario.ca/moh-covid-19-report-en-2020-06-26.pdf> page 14)

"There is no question that there will be a challenge to the coming administration in the arena of infectious diseases," Dr. Fauci said during a speech at Georgetown University (July 2017), adding, "the thing we're extraordinarily confident about is that we're going to see this in the next few years."

One example of a very significant essential service that was seriously disrupted and interfered with is access to a Justice of the Peace by any member of the population. The "JP" office has not been processing private prosecution applications from the population to this day since March 2020. The population does not have access to a "JP".

Another essential service that was seriously disrupted and interfered with is access to health care.

Another essential service that was seriously disrupted and interfered with is access to buying food. People with exemptions are being denied access to grocery stores as well as other business. Interfering with access to food or essentials must be considered as attempted murder due to the historical nature of past mass starvations. Numerous Police Departments are closed to the population, an essential service interfered and/or obstructed. Deaths by suicides are a direct result, and the accused are also accused of MURDER, as LOCKDOWN SUICIDES become MURDER.

The accused were presented with a CRIMINAL INFORMATION regarding a criminal code violation of FORGERY (s366) concerning the ORDERS in COUNCIL signed by the Lieutenant Governor, and were shown severe material alterations, erasures, obliterations, or removal, or any other ways. The accused refused to take in the information thereby being parties to the offence.

Section 122 - Breach of trust.

The accused breached trust by acting out of self-interest while discharging a public duty.

The accused breached trust by failure to discharge the duties imposed on them.

Breach of trust involves abusing a position of authority for self-benefit and against the interests of the person to whom you owe the duty of trust.

The accused refused to take in a report of crimes of FRAUD committed via Provincial Debt, as well as Federal Debt - as the accused did not want to be the one filing a report against The Lieutenant Governor, or Governor General among other high profile persons as this could be a career ending move and possibly dangerous to the life of the accused.

The accused refused to take in a report of crimes of HOAX regarding Terrorism, Terrorism, Torture, and numerous other crimes committed by the Lieutenant Governor - as the accused did not want to be the one filing a report against The Lieutenant Governor, or Governor General among other high profile persons as this could be a career ending move and possibly dangerous to the life of the accused. The accused breached trust by failing to SAFEGUARD EQUALITY BEFORE THE LAW and the PROTECTION OF THE LAW.

The accused were presented with a CRIMINAL INFORMATION regarding a criminal code violation of FORGERY (s366) concerning the ORDERS in COUNCIL signed by the Lieutenant Governor, and were shown severe material alterations, erasures, obliterations, or removal, or any other ways. The accused refused to take in the information thereby being parties to the offence of Breach of Trust.

Children and teens and the unborn became debt laden. No one has the authority to put people born 1,000 years from now into debt.

Section 128 - Misconduct.

The accused misconducted themselves in the process of a criminal information being reported to them by negligent behaviour of not wanting to act on the information.

The accused misconducted themselves in the process of a criminal information being reported to them by either failing to report the criminal information, or by making a report that may not be accurate - as in the accused refused to accept or report properly their conduct of ignoring or acting improperly by not accepting the criminal information presented to them.

The accused misconducted themselves in the process of SAFEGUARDING/ENSURING the protection of the fundamental rights and freedoms and Human Rights Code.

As well, there are numerous reports in a variety of medium that CORONERS are involved with fraudulent death certificates labelling COVID for deaths completely unrelated to the death, or if there were co-morbidities. Accused neglected to DEMONSTRABLY JUSTIFY with proven, sworn under oath evidence. MEDIA reports cannot be used because many reports have been shown to be false by independent citizen journalists. Deaths were labelled COVID-19 for even gunshot deaths. Accused did not protect and were party in some form for autopsies to no longer be performed, never being able to prove nor verify cases. The so called virus was never isolated nor purified. The PCR test is not a valid test, and the numbers have no standing.

"Deaths are included whether or not COVID-19 was determined to be a contributing or underlying cause of death as indicated in the iPHIS field Type of Death." (source = <https://files.ontario.ca/moh-covid-19-report-en-2020-06-26.pdf> page 14)

Section 139 (2) - Obstructing Justice.

PARLIAMENT defeated, obstructed and perverted the course of justice by refusing to ensure the protection of rights and freedoms in the Canadian Bill of Rights as well as the Canadian Charter of Rights and Freedoms, as well as the Human Rights Act and the Human Rights Code.

PARLIAMENT refused to hear and accept a **CRIMINAL INFORMATION** that clearly shows FORGERY (CC s366) on the ORDERS in COUNCIL. The **FORGERY** is related to the Declarations of Emergencies, the Stay at home orders, the Extensions of Declarations of Emergencies, how LOCKDOWN SUICIDES and LOCKDOWN health deaths become Homicide/MURDER. The accused obstructed, perverted and defeated the course of justice.

PARLIAMENT refused to hear/accept information regarding the obstruction and interference of essential services, such as the population cannot have access to the Ontario Superior Court of Justice by way of laying a PRIVATE INFORMATION as applications have not been processed since March 17, 2020.

PARLIAMENT refused to hear/accept information regarding the obstruction and interference of essential services, such as the population cannot have access to certain grocery stores. People are being turned away at grocery stores and PARLIAMENT is responsible for all acts of GENOCIDE. This is the tending towards the destruction of an identifiable group of people - (people who are exempt from the mask mandates, etc).

PARLIAMENT refused to hear and take in the information that the CHURCH OF GOD members are so badly discriminated within their home town of Aylmer Ontario, to the point where most members cannot or do not shop in their own home town. PARLIAMENT refused to hear/accept about how this will affect those children affected. PARLIAMENT refused to hear how this causes fear for their own security, including economic security, and again, how the children would be affected.

PARLIAMENT refused to hear how the HUMAN RIGHTS CODE was violated.

Furthermore, PARLIAMENT refused to hear/accept information that LOCKDOWN SUICIDES become MURDER. Life in prison.

The Canadian Bill of Rights states in the 3rd sentence:

Parliament "shall ensure the protection of these rights and freedoms in Canada".

Parliament clearly failed and did disobey that statute.

Disobeying a statute is criminal code violation section 126.

Section 17 of the 1867 Constitution Act states that Parliament is the Queen, the Senate, and the House of Commons.

The POLICE have a lawful duty to detain, question, and criminally charge "Parliament" - the Queen, every member of the Senate, and every member of the House of Commons immediately, and especially the Lieutenant Governor of Ontario who never DEMONSTRABLY JUSTIFIED the Emergency Orders while defeating "DUE PROCESS". DUE PROCESS requires evidence, questioning and proving evidence, and much more.

Parliament failed to ensure the protection of these rights as the Lieutenant Governor - Elizabeth Dowdeswell - signed ORDERS in COUNCIL defeating, obstructing, interfering and perverting the course of justice as well as our rights and freedoms to the point people are refused the ability to buy food - an essential service - and the hallmark of **GENOCIDE**. Numerous other criminal code violations were committed - such as:

S83.01 (1) (b) - terrorism - as our ability to file a criminal information with the Ontario Court of Justice was obstructed and interfered with. This is **TERRORISM**.

AND because the Lieutenant Governor never once provided sworn proof of any evidence requiring a declaration of emergency, it is deemed a HOAX, section 83.231 (1) - HOAX regarding Terrorism. Defeating the course of justice is also OBSTRUCTING JUSTICE, s139(2), 10 years in prison. Deaths have occurred, s220 CRIMINAL NEGLIGENCE CAUSING DEATH, as well as s229(c) CULPABLE HOMICIDE is MURDER. LOCKDOWN SUICIDES become MURDER.

The signatures on the ORDERS in COUNCIL require Police to question the Lieutenant Governor on the authenticity of the ORDERS in COUNCIL, as there are signature alterations, no names of signed persons, no "signed at" location, no O-Reg number on signature page, and no SEAL or STAMP to authenticate the signatures. This is FORGERY, s366 of the criminal code.

As well, the Ontario DEBT is about 400 Billion dollars. If we could get to a 250 million dollar surplus, it would take 1600 years to pay off. The FEDERAL DEBT is over 1 trillion dollars. If we could get to a surplus of 500 million dollars, it would take 2000 years to pay off that debt. Children

born 1000 years from now would be forced to pay for the lives of people who lived and died 1000 years before them. This is criminal code violation, section 380 - FRAUD.

This is just the short list of criminal code violations by "Parliament", and the Lieutenant Governor of Ontario - that the accused refused to hear/accept **CRIMINAL INFORMATION** on.

The accused continue to do nothing, as they have proven to do nothing to safeguard our rights and freedoms and the Human Rights Code, the police are Parties to the offences - section 21 criminal code.

Every police officer in Ontario is required to team up and support any and all arresting officers, as you are able to do so as there is "equality before the law and the protection of the law" (s1(b) Canadian Bill of Rights), as no one is above the law including the Queen.

There is no declared emergency. There is no demonstrably justified proof of anything, and therefore is no need for any measures other than charging them with criminal code violations and seeking a guilty charge with a LIFE IN PRISON punishment.

The accused obstructed, perverted and defeated the course of justice.

Section 176 - Obstructing religious services

PARLIAMENT did not SAFEGUARD freedom of assembly, as well as in relation to religious services, or assemblies of good or moral purpose. The accused were party to the offence by doing nothing to SAFEGUARD this.

Obstructing religious services and gatherings for good or moral purposes. Emergency measures violated Charter section 2 (c), obstructing religious worship and/or gatherings for good or moral purposes, as well as Canadian Bill of Rights section 1(c).

Section 180 - Nuisance.

The accused obstructed the process of a criminal complaint being reported to them, thereby obstructing or interfering with a right that is common to Her Majesty's subjects.

Section 218 - Reckless Endangerment of Children.

PARLIAMENT, through failing to act to safeguard and protect rights and freedoms, did recklessly endanger the lives of children. Masks and social distancing damage children, actually almost everyone. Children have become docile on school buses and within schools. CARBON DIOXIDE, trapped within a mask will do this. CARBON DIOXIDE causes active rats/rodents/animals to slow down, then lie down, then die painlessly. CO2 is listed as a TOXIC SUBSTANCE, item #74 of the Canadian Environmental Protection Act, 1999. Oxygen deprivation occurs as the mask becomes a CO2 retention chamber. Children are berated by other children for not wearing a mask – even while exempt.

Section 219 - Criminal Negligence.

PARLIAMENT showed a wanton and reckless disregard for the lives of those who committed SUICIDE due to the LOCKDOWN measures.

PARLIAMENT had a total disregard for those who committed SUICIDE, as LOCKDOWN SUICIDES become MURDER ---- section 220 Criminal Negligence causing Death, and section 229(c) Culpable Homicide is Murder. The accused must have been this way since March 17, 2020 and show how they have behaved the whole time as they continued that reckless disregard for lives as shown in this information. They have been this way all along.

The accused failed to protect the population from breathing in their own CO₂, a known toxic substance, listed in the schedule as item #74 of the Canadian Environment Protection Act. CO₂ is used to UETHENIZE rats, rodents, pigs, etc.

The accused did neglect and wantonly and recklessly neglected to hear/receive any voices or messages from the population that particular emergency measures and measures in general were harmful to the overall population – children, elderly, workers, non workers, etc.

COVID-19 measures were not DEMONSTRABLY JUSTIFIED at any point. The accused show a wanton and reckless disregard for those who have committed SUICIDE due to the LOCKDOWN measure, as well as information that is widely known that ISOLATION can cause SUICIDES. The accused did not care about specific SUICIDE ATTEMPTS, as well as specific actual SUICIDES that were due to the LOCKDOWN.

The accused refused to accept a criminal information regarding HOAX regarding Terrorism, Terrorism, FORGERY, as well as numerous other criminal accusation of the Lieutenant Governor.

Section 220 - Criminal Negligence causing death.

The accused, through their attitudes via conduct, and continued conduct, are party to the deaths due to LOCKDOWN SUICIDES, as well as LOCKDOWN HEALTH CARE SYSTEM related deaths. The accused refused to hear that Lieutenant Governor of Ontario ELIZABETH DOWDESWELL did cause LOCKDOWN SUICIDES as a result of the DECLARATION OF EMERGENCY that was never accompanied by any proof, demonstrable justification, and ORDERS in COUNCIL documents that shows clear signs of FORGERY.

The accuse are party to MURDER. In the least, isolation has suicide victims.
The accuse supported the circumstances for suicides, especially child and teen suicides.

Section 229 (c) - Culpable Homicide is MURDER.

The accused, through their attitudes via conduct, and continued conduct, are party to the deaths due to LOCKDOWN SUICIDES, as well as LOCKDOWN HEALTH CARE SYSTEM related deaths. The accused refused to hear that Lieutenant Governor of Ontario ELIZABETH DOWDESWELL did cause LOCKDOWN SUICIDES as a result of the DECLARATION OF EMERGENCY that was never accompanied by any proof, demonstrable justification, and ORDERS in COUNCIL documents that shows clear signs of FORGERY.

The accuse are party to MURDER. In the least, isolation has suicide victims.
The accuse supported the circumstances for suicides, especially child and teen suicides.

Section 245 - Administering a Noxious substance.

The accused were party to the offense of Administering a Noxious Substance.
The population was forced to wear facemasks, forcing the population to breathe in a noxious/toxic substance. CO₂ is listed as a TOXIC SUBSTANCE, item #74 of the Canadian Environmental Protection Act, 1999. CO₂ painlessly kills and without notice or warning.

Section 269.1 - TORTURE.

The accused were party to the offense of **TORTURE**.

Every element of TORTURE is satisfied as a result of the non DEMONSTRABLY JUSTIFIED measures, without any protection to the population. There is NO DEFENSE for TORTURE - even in a public emergency. The elements of TORTURE are: isolation, monopolization of perception, humiliation and degradation, exhaustion, threats, occasional indulgences, demonstrating omnipotence, and forcing trivial demands. Suicides are a result.

Section 346 - Extortion.

The accused were parties to the offense of Extortion.

Extortion was committed on the population by the NON DEMONSTRABLY JUSTIFIED measures.

Section 361 - False Pretence.

The accused were party to the offense of False Pretence.

The accused misrepresented fact based evidence, including the number of cases, the unreliable PCR test, case load of hospitals, which are known to be nearly empty. There is less than 1 person in intensive care per hospital in Ontario.

Section 366 - Forgery

PARLIAMENT neglected to authenticate and/or validate the signatures on the ORDERS in COUNCIL documents signed by the Lieutenant Governor of Ontario. The signatures are extremely questionable, as is the whole set of ORDERS in COUNCIL documents. This lack of authentication and validation deems the so called EMERGENCY a HOAX.

Section 380 - Fraud.

The accused did not do anything to protect children and teens from extreme government debt. As well, they acted outside statutory authority to assist to put babies born hundreds of years out from now into debt for the lives of people who have lived and died many years before them. This constitutes being party to an offense of FRAUD. The measures were not DEMONSTRABLY JUSTIFIED to incur exorbitant costs on the adult population as well.

Ontario Public Health, and Health Canada have no records of the isolated so called "virus".

The Ontario Provincial debt is approximately \$400 billion dollars. If the Province of Ontario ever could get to a surplus of \$250 million dollars, it would take 1600 years to pay it off. This is FRAUD. The Federal Debt is at least \$1 trillion dollars. If the Federal Government ever could get to a surplus of \$500 million dollars, it would take 2000 years to pay it off. This is FRAUD.

The accused are party to this offense by refusing to take in a **CRIMINAL INFORMATION** that lists this as one of the crimes to be reported, as well as the HOAX nature being reported that has escalated the size of the respective debts of the jurisdictions mentioned herein.

The salary of the accused are paid for by DEBT.

Section 423 - Intimidation.

The accused were party to the offense of Intimidation.

There is coercion through threats of excessive fines for non compliance of these NON DEMONSTRABLY JUSTIFIED measures.

Section 429 (1) - Wilfully causing EMERGENCY.

The accused were party to the offense of Wilfully causing EMERGENCY.

The accused did wilfully cause affected rights and freedoms to be violated on a grand scale by way of order, and action in support of orders.

Section 430 - Mischief.

The accused were party to the offense of Mischief.

An extreme amount of property was interfered with in a variety of ways. Properties were rendered useless, inoperative or ineffective – businesses, churches, vehicles, etc.

I will say:

The accused were either rude, discourteous, or unprofessional in their conduct.

The Declarations of Emergency are deemed to be a HOAX, as fundamental justice and due process have been severely violated to the point of psychopathic criminality, as there were never any disclosure sworn under oath and presented to the population of Ontario.

Mortalities are no different year after year, and there is no danger of major proportions as stated in "ONTARIO REGULATION 7/21" and "ONTARIO REGULATION 50/20" as follows:

(September not yet available)

Six months prior to the Declaration of Emergency, the GPMB put out a document with a copyright date of 2019, with a released date of September 2019, telling of a UN and WHO planned simulation and training exercise for the release of a lethal respiratory pathogen - by September 2020.

"Progress indicator(s) for September 2020"

"The United Nations (including WHO) conducts at least two system-wide training and simulation exercises, including one for covering the deliberate release of a lethal respiratory pathogen."

PARLIAMENT failed to SAFEGUARD against FRAUDS on GOVERNMENT, as the UNITED NATIONS and WORLD BANK stated that there would be a training and simulation exercise in relation to a deliberate release of a lethal respiratory pathogen by September 2020. The accused refused to take in the criminal information on this matter (approx 111 pages).

The emergency orders did not accompany any definitive DEMONSTRABLY JUSTIFIED information per the act to prevent, reduce or mitigate a danger of major proportions that was sworn under oath and easily verified, violating the most fundamental laws, violating fundamental justice.

On March 17, 2020, according the Government of Canada website showing "history" to that point, there was only one case, and one death. This is not a pandemic of major proportions.

The accused were parties to following a path, without real justification and caused serious harm in virtually all areas of life. The accused caused far greater collateral damage and serious harm than the benefits from the emergency measures.

There was no "emergency" that required a Declaration of Emergency. There was no situation or impending situation that constituted a danger of major proportion. HOWEVER, THERE IS ONE NOW BECAUSE OF THE EMEGENCY MEASURES and the conduct of PARLIAMENT. The accused recklessly endangered the lives of a significant portion of the population. The accused did create a danger of major proportion with the unjustified DECLARATION OF EMERGENCY. The accused are responsible for suicides. The accused did commit MURDER.

There is never, or nearly never, any discussion of a healthy lifestyle, such as a natural food diet, etc. Almost nothing from officials are to strengthen the population. Severe panic was created. MURDER occurred. The accused are parties to the offences.

The accused refused to accept the 111 page criminal information as it was being handed to them. The accused acted disrespectfully, and were rude, as some of the rudeness was of a nature that is best described as "POLITELY RUDE", or "POLITELY UNCIVIL".

While making a criminal complaint to Sgt **Adam Houser** (Burlington OPP Wednesday, September 1, 2021), he kept stating that we could protest. He refused to hear a CRIMINAL COMPLAINT. One complainant kept mentioning a fear of concentration camps - "we don't want to go to the concentration camps". PARLIAMENT's actions have created an extreme amount of fear.

No evidence that either pathogen is isolated, nor a basis for the Declarations of Emergencies, and related ORDERS in COUNCIL. It is deemed a HOAX. No one is getting sick from a pathogen.

W.H.O. stated COVID-19 could be declared with no lab evidence, just clinical symptoms. Otherwise, there would actually have to test for a virus. The PCR test is not a valid test, and the results are all null and void. This would be the equivalent of pointing a digital handheld thermometer as a RADAR gun. A digital thermometer is not an approved instrument for testing the velocity of a motor vehicle, thereby making any result from a digital thermometer null and void.

Now injecting people with MRNA computer simulation of a spike protein thought to be modeled off of the possible SARS-COV-2. An injection for the body to produce a foreign pathogen. This is not a vaccine for so called COVID.

The DECLARATION OF EMERGENCY was part of a UN and WHO system-wide training and simulation exercise of a deliberate release of a lethal respiratory pathogen. See documentation below (approximately 111 pages to follow). The actions taken are an inhumane act on a civilian population. It was planned before September 2019. There was only 1 case and 1 death in Canada as of March 17, 2020 - and not sworn under oath. This is not a Pandemic, rather a wilful creation of an emergency.

"Over **45** institutions and offices around the world have been queried through Freedom of Information requests for records containing proof that the alleged SARS-COV-2 virus in fact exists or has even been isolated. The responses have yielded in total **NO RECORDS**. Canadian public health officials, including the Public Health Agency of Canada, Health Canada, the National Research Council of Canada and the Ontario Ministry of Health have **ZERO** legitimate evidence to support their story of a "COVID-19 virus" let alone a "COVID-19" pandemic. The virus is unproven and purely theoretical. They have committed FRAUD on the population."

PARLIAMENT acted on or in conjunction with fraudulent orders - see signatures of **ORDERS in COUNCIL**. All accused never cared to see the **ORDERS in COUNCIL** and the signatures that they were acting under. They were criminally negligent, and are accused of **CULPABLE HOMICIDE is MURDER** (s229(c)) as well as **CRIMINAL NEGLIGENCE causing DEATH** (s220).

All accused failed to SAFEGUARD fundamental rights and freedoms and the Human Rights Code - during an emergency declaration as well as after an emergency declaration was revoked.

Emergency Orders have no purpose other than "**in times of declared emergencies**" - EMCPA s7.0.2(1). The Reopening Act has no purpose outside of "declared emergencies", nullifying all orders. Only the Lieutenant Governor (unelected) may revoke orders - s5 Reopening Act.

The accused failed to question proof for the need for a Declaration of Emergency - when details were not precise. The accused are party to the offense of MURDER (s220, s229(c)) as LOCKDOWN SUICIDES become MURDER. There is no proof/evidence for subsection 7.0.1(3) of the Emergency Management and Civil Protection Act to be invoked - 3 times. Never once were the details disclosed that required a Declaration of Emergency, as the report on the Emergency never discloses the "criteria, circumstances, or resources" stated in subsection 7.0.1(3) of the Act.

VACCINE DANGERS:

It is your duty to report the following risk to life to POLICE immediately.

(TRANSCRIBED from an interview)

"I am a natural doctor and I have 1600 patients, many are vaccinated - just to give you a little bit of back story about my credibility. What I have seen so far and what I've learned is all information from medical physicians, natural physicians and also immunization and virology doctors, things like that, and then also nurses.

So what I'm about to share with you is the 1st vaccine, the 2nd vaccine, and the boosters and what it does to your body. The 1st vaccine, as it goes into your body, it has a small amount of saline, and a whole bunch of ingredients that are very catastrophic to your cellular system.

What that does to your immune system, which is your bone marrow, thymus gland, your spleen, and all other systems associated with your immune system, it decreases the ability to produce white blood cells by 50% - from your 1st vaccine. Then 8 weeks later, which is white blood cell reproductive system. So your ability to make another generation of white blood cells is 8 weeks - that's why they set it up 8 weeks later to hit it again.

So you hit the white blood cell ability while it's down. So now what you do is now - they decrease the saline in the 2nd one, and they increase the harmful ingredients. So now you have a shift in the ingredients. So they decrease the saline and increase the harmful ingredients. So, now there is a shift, and then what they do is that second dose attacks your ability to make white blood cells by additional 25%.

So now you only have an ability to make white blood cells functioning at 25%.

So you just wiped out 75% of your military and the ability to make that military.

Then what they do is they set in the booster. The booster has 81 strands of foreign bacteria that your cells have never come across. You don't have the antibodies to fight it. You only have 25% of your white blood cell production to be able to fight it. So it's a losing battle.

So then what starts to happen, you get chronic inflammation that goes to the areas that you had predisposition. So if you were someone that has gut health issues, that's your area that it's going to focus on, and you are going to have inflammation in the gut health. If it's respiratory, if you have a tumour or cancer, or if you have endometriosis, or you have a skin condition, whatever that is, it's going to inflame that area because now the body has hit the sympathetic nervous system, which is the fight or flight, and the body is in a chronic inflammatory state, with a low immunity and a low immune response.

Then you get your second booster. What the second has, it has 8 strands of HIV, and now what that does is it completely shuts off your ability to make white blood cells. And if you Google what that disease is, it is HIV.

So now we have people that are walking around with no immune system, no ability to make an immune system, 81 strands of foreign bacteria, and then also 8 strands of foreign HIV along with all the other harmful ingredients and then they remove all the saline from the first and second booster.

Now to make matters worse during this process, 20 to 30% of the population is going to die every single series of this process. There is 4 series. They have 3 more boosters that are coming out and the reason why is because - once they make you so that you're immune system can't make white blood cells any more, you become dependent on the boosters to survive, just like some one becomes dependent on insulin.

Big Pharma is looking for people that either die off to protect our population control and then those that don't die off, we will have reoccurring customers for life with the boosters so that they will be able to maintain income and collect the money back from all the funding that they put in to make these vaccines in the first place.

So hope that was helpful I hope that you listen to this properly and I hope that you take the time to do your own critical thinking and just give it 2 to 3 years. every single animal that was part of that participated in the study for any of these vaccines had 100% death rate and I encourage you all to just take a moment look around you and just wait it out and just see - let's let nature take its course. Let's just see what happens.

Thank you."

**Annual report on global preparedness
for health emergencies**

Global Preparedness Monitoring Board

September 2019

 **GPMB**
GLOBAL PREPAREDNESS MONITORING BOARD

The United Nations must strengthen coordination mechanisms.

The Secretary-General of the United Nations, with WHO and United Nations Office for the Coordination of Humanitarian Affairs (OCHA), must strengthen coordination in different country, health and humanitarian emergency contexts, by ensuring clear United Nations systemwide roles and responsibilities; rapidly resetting preparedness and response strategies during health emergencies; and, enhancing United Nations system leadership for preparedness, including through routine simulation exercises. WHO should introduce an approach to mobilize the wider national, regional and international community at earlier stages of an outbreak, prior to a declaration of an IHR (2005) Public Health Emergency of International Concern.

Progress indicator(s) by September 2020

- The Secretary-General of the United Nations, with the Director-General of WHO and Under-Secretary-General for Humanitarian Affairs strengthens coordination and identifies clear roles and responsibilities and timely triggers for a coordinated United Nations systemwide response for health emergencies in different countries and different health and humanitarian emergency contexts.
- The United Nations (including WHO) conducts at least two system-wide training and simulation exercises, including one for covering the deliberate release of a lethal respiratory pathogen.
- WHO develops intermediate triggers to mobilize national, international and multilateral action early in outbreaks, to complement existing mechanisms for later and more advanced stages of an outbreak under the IHR (2005).
- The Secretary General of the United Nations convenes a high-level dialogue with health, security and foreign affairs officials to determine how the world can address the threat of a lethal respiratory pathogen pandemic, as well as for managing preparedness for disease outbreaks in complex, insecure contexts.

As an independent monitoring and advocacy body, the Global Preparedness Monitoring Board (GPMB) urges political action to prepare for and mitigate the effects of global health emergencies. Co-convened in May 2018 by the World Bank Group and the World Health Organization, the Board builds on the work of the Global Health Crises Task Force and Panel, created by the United Nations Secretary-General in the wake of the 2014-2016 Ebola epidemic. The Board works independently of all parties, including its co-conveners, to provide the most frank assessments and recommendations possible. The findings, interpretations, conclusions and opinions expressed in this report and by Board members represent their views only and not those of their organizations or of the co-conveners.

Dear [REDACTED]

This is in response to your request made under the *Access to Information Act* (the Act) for the following information:

All records describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; liver cancer cells).

Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers instead to:

- the culturing of something, or
- the performance of an amplification test (i.e. a PCR test), or
- the sequencing of something.

To clarify, I am requesting all such records that are in the possession, custody or control of Health Canada (for example:downloaded to a computer, printed in hard copy, etc.).

Having completed a thorough search, we regret to inform you that we were unable to locate any records responsive to your request.

Should you have any questions or concerns about the processing of your request, please do not hesitate to contact Barbara Haase, the analyst responsible for this file, either by phone at 613-859-9073, by email at barbara.haase@canada.ca or by fax at 613-941-4541, with reference to our file number cited above.

Please be advised that you are entitled to complain to the Office of the Information Commissioner of Canada concerning the processing of your request within 60 days of the receipt of this notice. In the event you decide to avail yourself of this right, your notice of complaint can be made online at: <https://www.oic-ci.gc.ca/en/submitting-complaint> or by mail to:

ATTENTION ALL POLICE **OFFICERS in ONTARIO**

You are requested to lawfully and immediately take the **Lieutenant Governor ELIZABETH DOWDESWELL** into custody for numerous criminal code violations, and lay the appropriate charges as detailed in this and other supporting documents. **CC s366 Forgery, s83.231(1) HOAX terrorism.**

Analysis of Ontario's Declarations of Emergency and Emergency Orders suggests that signatures of the **Lieutenant Governor**, Premier, Chair of Cabinet, and Administrator of the Government were edited, copied, pasted, and fraudulent. A crime has been committed, and is still in progress.

Absent from Emergency Management and Civil Protection Act Declarations and Orders signature pages are: Seal, O-Reg number, and 'Filed with the Registrar of Registrations' stamp, date, location.

Transforming document backgrounds from white to black reveals jagged edges around signatures from a digital eraser used to erase pixels. Signatures on black backgrounds reveal truncated text/signatures, skewed text, broken lines, broken text, broken signatures, and faint shadow boxes indicating signatures were edited, copied and pasted. This document provides criminal evidence of fraudulent documents including signatures relating to Declarations of Emergency, and Emergency Orders. Only wet and electronic signatures are recognized and can be verified. INVESTIGATE.

If this is so, the Declarations of Emergency, and Emergency Orders are fraudulent. FRAUD vitiates every transaction and all contracts. Indeed, the principle is often stated, in broad and sweeping language, that fraud destroys the validity of everything into which it enters"—37 Am Jur 2d, Section 8 <https://definitions.uslegal.com/f/fraus-omnia-vitiat>

O-Reg 264/21 DECLARATION OF EMERGENCY April 07, 2021 and O-Reg 291/21 EXTENSION OF EMERGENCY April 16, 2021. Before Doug Ford's signature [if it is his signature] the word 'Recommended' is broken suggesting Doug Ford's signature was copied and pasted. Details below.

Signature editing needs to be investigated post haste, along with fraud, Criminal Code and Constitutional violations. **Signature alteration by erasure, and/or obliteration is FORGERY s366.**

Section 15 of the Charter, as well as section 1(b) of the Canadian Bill of Rights - equal benefit and equal protection of the law - no one is above the law including the Lieutenant Governor - permits any and all Police Officers to detain and question and charge the Lieutenant Governor, as is your duty under section 1.2 of the Police Services Act, so as to safeguard the Fundamental Rights and Freedoms, the Human Rights Code, the Canadian Bill of Rights, and the Human Rights Act.

POLICE, lawfully and immediately take the **Lieutenant Governor ELIZABETH DOWDESWELL** into custody for questioning and possible criminal charges - **Forgery s366, HOAX terrorism s83.231(1).**

The FRAUD committed on the population of Ontario can end immediately with the immediate arrest of the **Lieutenant Governor Elizabeth Dowdeswell.**

Dear Police Service:

I am supplying you with an information. It contains criminal code violation information.

Due to the fact that a very large number of Police Officers are refusing to receive this information verbally, or otherwise, I would kindly like to remind you of code of conduct, specifically from the schedule in O. Reg. 268/10: GENERAL under Police Services Act, R.S.O. 1990, c. P.15, s2 (1) (c):

2 (1)(c) **Neglect of Duty**, in that he or she,

(vi) **fails to report a matter that it is his or her duty to report,**

(vii) **fails to report anything that he or she knows concerning a criminal or other charge,**

The following are likely words you may resonate with, or understand fully:

Police Officers have stated "I'd love to speak out, but I can't, I'd lose my job". If they whistle blow the system, the system is going to find a way to punish them.

"They'll get a desk job, you don't want a desk job".

"They can give you a job you're going to hate, they can make you quit."

"However, for the most part, you still will have a job. Police Officers and other Peace Officers are afraid to speak up because they are in the system."

"At what point do you speak out?" --- "When your freedoms are all gone?, when people are getting hurt like in the US?"

Police Officers have flatly stated that the RCMP is really corrupt, and mentioned that there is a cover up in the Nova Scotia murders. "There is no reasonable information and they are not telling us what they know."

"I will lose my certification if I speak out."

"If you are not on the same page as management, they will punish you."

"They can make your life so miserable, you just want to quit. A lot of us are on board."

"Career ending move." (by speaking out)

HOWEVER, you are needed and respectfully requested and demanded to investigate fully the following INFORMATION. In effect, this is a NOTICE OF DEMAND - to investigate the Lieutenant Governor & Premier of Ontario for criminal code violations including HOAX - Terrorism & MURDER.

On the first page that follows, take note of names of Police Officers who have been approached in some manner, and let it be known that they showed some form of contempt for this information.

The duties of the Police are to safeguard fundamental rights and freedoms as well as the human rights code - Police Services Act s1.2.

Violations needing protection - small list here - MURDER, Domestic Terrorism, HOAX regarding Terrorism, the right to gaining of a livelihood, torture, abuse due to lockdowns that violate section 7.0.2 (1) of the Emergency Management and Civil Protection Act, not demonstrably justifying the original declaration of emergency with sworn under oath otherwise information, not protecting population from breathing in CO2 - toxic substance, isolation, suicides. LOCKDOWN SUICIDES become MURDER.

"Over **45** institutions and offices around the world have been queried through Freedom of Information requests for records containing proof that the alleged SARS-COV-2 virus in fact exists or has even been isolated. The responses have yielded in total **NO RECORDS**. Canadian public health officials, including the Public Health Agency of Canada, Health Canada, the National Research Council of Canada and the Ontario Ministry of Health have **ZERO** legitimate evidence to support their story of a "COVID-19 virus" let alone a "COVID-19" pandemic. The virus is unproven and purely theoretical. They have committed FRAUD on the population."

The 1st emergency "50/20" terminated Jul 24/20. The 2nd Emergency "7/21" declared Jan 12/21. The Information is as follows:

January, 2021

To the holder of this document and to everyone in ONTARIO,

And to.... Toronto Police Officer Eugene Peplinski (#10778 div 52):

PC Talesnic (#5977 div 53), PC Snider (#10644 div 53), PC Balachorek (#99798 div 51)

I would like to bring to your attention violations of the criminal code, sections 21, 83.01 (1) (b), 83.231(1), 122, 126, 128, 176, 180, 218, 219, 220, 229(c), 245, 269.1, 346, 361, 380, 423, 429, 430.

PLEASE ENSURE EVERY POLICE OFFICER IN ONTARIO GETS THIS DOCUMENT.

NAMES OF ACCUSED:

The accused are the Ontario Lieutenant Governor **Elizabeth Dowdeswell** (DOB November 9, 1944), and Ontario Premier **Doug Ford** (DOB November 20, 1964).

ADDRESS OF ACCUSED:

Accused are employed in Toronto, ON, with offices at Queens Park, 111 Wellesley St W, M7A 1A1

The phone number of Lieutenant Governor Elizabeth Dowdeswell is 416-325-7780.

The phone number of Premier Doug Ford is 416-325-1941.

Numerous criminal code violations were committed by the Ontario Lieutenant Governor **Elizabeth Dowdeswell**, and Ontario Premier **Doug Ford**.

The offenses were committed at Queens Park, Toronto, Ontario.

The offenses were committed on March 17, 2020, and March 30, 2020 and all other days that the NON DEMONSTRABLY JUSTIFIED orders are in place - by failing to obey the Charter of Rights and Freedoms and the Human Rights Code, failing to obey s7.0.2(1) of Emergency Act.

Further offenses were committed on January 12, 2021 in declaring another Declaration of Emergency without providing any evidence for its requirement.

The DECLARATION OF EMERGENCY was part of a UN and WHO system-wide training and simulation exercise of a deliberate release of a lethal respiratory pathogen. See documentation below. The actions taken are an inhumane act on a civilian population. Page 20 verifies this. Page 19 shows it was planned before September 2019. Page 21 shows only 1 death in Canada as of March 20, 2020. This is not a Pandemic.

"Over **45** institutions and offices around the world have been queried through Freedom of Information requests for records containing proof that the alleged SARS-COV-2 virus in fact exists or has even been isolated. The responses have yielded in total **NO RECORDS**. Canadian public health officials, including the Public Health Agency of Canada, Health Canada, the National Research Council of Canada and the Ontario Ministry of Health have **ZERO** legitimate evidence to support their story of a "COVID-19 virus" let alone a "COVID-19" pandemic. DATE: March 17, 2020 and March 30, 2020, January 12, 2021.

LOCATION: QUEENS Park, Toronto, Ontario.

OFFENCES ALLEGED: RECKLESS ENDANGERMENT OF CHILDREN, CHILD ABUSE, ELDER ABUSE, HEALTHY PEOPLE ABUSE, INHUMANE ACTS ON CIVILIAN POPULATIONS, BODILY HARM, FAILING TO OBEY A STATUTE, TORTURE, DOMESTIC TERRORISM, HOAX regarding TERRORISM, and MURDER as LOCKDOWN SUICIDES become MURDER.

Section 21- Party to offense: The accused did unlawfully commit numerous offenses. In particular, violating section 126 Criminal Code Disobeying a Statute. The statute violated was section 7.0.2 (1) & (3) of the Emergency Management and Civil Protection Act. Emergency measures were not in accordance with the Canadian Charter of Rights and Freedoms. The measures violated section 1 of the Charter as there was never any sworn, under oath DEMONSTRABLY JUSTIFIED evidence or reasoning for an emergency declaration.

The measures violated virtually every aspect of section 2 of the Charter. In particular, one's ability to have an alternative opinion and/or belief due to overwhelming fear mongering and false facts regarding how hospitals and test centers were overloaded. Freedoms affected were freedom of peaceful assembly, freedom of association. The measures isolated virtually everyone in Ontario. A very significant right of the gaining a livelihood was violated on a large scale.

Sections 83.01 (1) (b) and 83.231 (1) - Domestic Terrorism, and HOAX regarding Terrorism - The accused did cause public intimidation with regards to its security including economic security, causing persons to do or refrain from doing any act, such as freedom of assembly, freedom of the right to the gaining of a livelihood, freedom to not breathe in one's own CARBON DIOXIDE, among other things. This recklessly endangered the lives of children, elderly, the vulnerable, and the healthy segment of the population. The accused also caused serious disruption and interference of essential services. The accused never supplied sworn records or sworn proof of the criteria and circumstances for a Declaration of Emergency and never disclosed which resources or which circumstances existed in section 7.0.1 (3) 2. It is deemed to be a HOAX without such sworn under oath DEMONSTRABLY JUSTIFIED proof required by section 1 of the Canadian Charter of Rights and Freedoms. They acted with intention and wanton and reckless disregard for the lives of the population, causing severe hardships, reckless child endangerment, and suicides. The report on the 129 day Declaration of Emergency did not divulge the resources, criteria and circumstances for the declaration of Emergency nor was it ever divulged under oath to the population at any other point. It can easily be said that the resources in question in section 7.0.1 (3) 2 were staples or paper clips. The accused failed to disclose sworn records containing proof that the alleged SARS-COV-2 virus in fact exists as Ontario public health has NO RECORDS. "Deaths are included whether or not COVID-19 was determined to be a contributing or underlying cause of death as indicated in the iPHIS field Type of Death." (source = <https://files.ontario.ca/moh-covid-19-report-en-2020-06-26.pdf> page 14)

"There is no question that there will be a challenge to the coming administration in the arena of infectious diseases," Dr. Fauci said during a speech at Georgetown University (July 2017), adding, "the thing we're extraordinarily confident about is that we're going to see this in the next few years."

One example of a very significant essential service that was seriously disrupted and interfered with is access to a Justice of the Peace by any member of the population. The "JP" office has not been processing private prosecution applications from the population to this day since March 2020. The population does not have access to a "JP".

Another essential service that was seriously disrupted and interfered with is access to health care.

Another essential service that was seriously disrupted and interfered with is access to buying food. People with exemptions are being denied access to grocery stores as well as

other business. Interfering with access to food or essentials must be considered as attempted murder due to the historical nature of past mass starvations. Numerous Police Departments are closed to the population, an essential service interfered and/or obstructed. Deaths by suicides are a direct result, and the accused are also accused of MURDER.

Section 122 - Breach of trust. The accused broke trust by disobeying statutes as stated herein, as well as committed fraud through debt increase - making children and teens and the unborn debt laden. No one has the authority to put people born 100 years from now into debt.

Section 126 - Disobeying a Statute. The accused disobeyed section 7.0.2 (1) & (3)(1) of the Emergency Management & Civil Protection Act, violating the Charter of Rights & Freedoms. The accused disobeyed the Constitution Act, 1982, in particular, sections 52, 1, 2, 6, 7, 8, 9, 12, 15, 26, 31. Accused obstructed religious/moral purpose gatherings, & gaining of a livelihood.

Section 128 - Misconduct. There are numerous reports in a variety of medium that CORONERS are involved with fraudulent death certificates labelling COVID for deaths completely unrelated to the death, or if there were co-morbidities. Accused neglected to DEMONSTRABLY JUSTIFY with proven, sworn under oath evidence. MEDIA reports cannot be used because many reports have been shown to be false by independent citizen journalists. Deaths were labelled COVID-19 for even gunshot deaths. Accused did not protect and were party in some form for autopsies to no longer be performed, never being able to prove nor verify cases. The so called virus was never isolated nor purified. The PCR test is not a valid test, and the numbers have no standing.

"Deaths are included whether or not COVID-19 was determined to be a contributing or underlying cause of death as indicated in the iPHIS field Type of Death." (source = <https://files.ontario.ca/moh-covid-19-report-en-2020-06-26.pdf> page 14)

Section 176 - Obstructing religious services and gatherings for good or moral purposes. Emergency measures violated Charter section 2 (c), obstructing religious worship and/or gatherings for good or moral purposes.

Section 180 - Nuisance. By failing to discharge their duties to honour/obey the Charter of Rights and Freedoms, the accused recklessly endangered the lives of children, the elderly, and the healthy segment of the population. Suicides are up significantly. Homelessness, domestic abuse, loss of gaining a livelihood, and significant increase in drug abuse. The comfort of the public was severely affected by COVID-19 measures not DEMONSTRABLY JUSTIFIED. The health of the public was endangered. Isolation creates suicides, which is MURDER.

Section 218 - The accused, through failing to act to safeguard and protect, did recklessly endanger the lives of children. Masks and social distancing damage children, actually almost everyone. Children have become docile on school buses and within schools. CARBON DIOXIDE, trapped within a mask will do this. CARBON DIOXIDE causes active rats/rodents/animals to slow down, then lie down, then die painlessly. CO2 is listed as a TOXIC SUBSTANCE, item #74 of the Canadian Environmental Protection Act, 1999. Oxygen deprivation occurs as the mask becomes a CO2 retention chamber. Children are berated by other children for not wearing a mask – even while exempt.

Section 219 - The accused did neglect and wantonly and recklessly neglected to hear/receive any voices or messages from the population that particular emergency measures and measures in general were harmful to the overall population – children, elderly, workers, non workers, etc. COVID-19 measures were not DEMONSTRABLY JUSTIFIED at any point.

Section 220 - Criminal Negligence causing death. Lieutenant Governor of Ontario ELIZABETH DOWDESWELL did cause LOCKDOWN SUICIDES as a result of the DECLARATION OF EMERGENCY.

Section 229 (c) - The accuse did commit MURDER. In the least, isolation has suicide victims, and the accuse created the circumstances for suicides, especially child and teen suicides.

Section 245 - The population was forced to wear facemasks, forcing the population to breathe in a noxious/toxic substance. CO2 is listed as a TOXIC SUBSTANCE, item #74 of the Canadian Environmental Protection Act, 1999. CO2 painlessly kills and without notice or warning.

Section 269 & 269.1 - TORTURE. Every element of TORTURE is satisfied as a result of the non DEMONSTRABLY JUSTIFIED measures, without any protection to the population. See PAGE 9 for TORTURE details. There is NO DEFENSE for TORTURE - even in a public emergency. The elements of TORTURE are: isolation, monopolization of perception, humiliation and degradation, exhaustion, threats, occasional indulgences, demonstrating omnipotence, and forcing trivial demands.

Section 346 - Extortion. Extortion was committed on the population by the NON DEMONSTRABLY JUSTIFIED measures.

Section 361 - False Pretence. The accused misrepresented fact based evidence, including the number of cases, the unreliable PCR test, case load of hospitals, which are known to be nearly empty. There is less than 1 person in intensive care per hospital in Ontario.

Section 380 - Fraud. The accused did not do anything to protect children and teens from extreme government debt. As well, they acted outside statutory authority to put babies born hundreds of years out from now into debt for the lives of people who have lived and died many years before them. This constitutes being party to an offense of FRAUD. The measures were not DEMONSTRABLY JUSTIFIED to incur exorbitant costs on the adult population as well. There are no records of the isolated so called "virus".

Section 423 - Intimidation, as there is coercion through threats of excessive fines for non compliance of these NON DEMONSTRABLY JUSTIFIED measures.

Section 429 (1) - Wilfully causing EMERGENCY - The accused did wilfully cause affected rights and freedoms to be violated on a grand scale by way of order, and action in support of orders.

Section 430 - Mischief. An extreme amount of property was interfered with in a variety of ways. Properties were rendered useless, inoperative or ineffective – businesses, churches, vehicles, etc.

I will say:

The Declarations of Emergency are deemed to be a HOAX, as fundamental justice and due process have been severely violated to the point of psychopathic criminality, as there were never any disclosure sworn under oath and presented to the population of Ontario.

Mortalities are no different year after year, and there is no danger of major proportions as stated in "ONTARIO REGULATION 7/21" and "ONTARIO REGULATION 50/20" as follows:

(September not yet available)

The GPMB put out a document with a copyright date of 2019, with a released date of September 2019, telling of a UN and WHO planned simulation and training exercise for the release of a lethal respiratory pathogen - by September 2020. See GPMB portions of document below from page 20.

"Progress indicator(s) for September 2020"

"The United Nations (including WHO) conducts at least two system-wide training and simulation exercises, including one for covering the deliberate release of a lethal respiratory pathogen."

The emergency orders did not accompany any definitive DEMONSTRABLY JUSTIFIED information per the act to prevent, reduce or mitigate a danger of major proportions that was sworn under oath and easily verified, violating the most fundamental laws, violating fundamental justice.

On March 17, 2020, according the Government of Canada website showing "history" to that point, there was only one case, and one death. This is not a pandemic. See screenshot on page19.

The accused followed a path, without real justification and caused serious harm in virtually all areas of life. The accused caused far greater collateral damage and serious harm than the benefits from the emergency measures.

There was no "emergency" that required a Declaration of Emergency. There was no situation or impending situation that constituted a danger of major proportion. HOWEVER, THERE IS ONE NOW BECAUSE OF THE EMEGENCY MEASURES.

The accused recklessly endangered the lives of a significant portion of the population. The accused did create a danger of major proportion with the unjustified DECLARATION OF EMERGENCY. The accused are responsible for suicides. The accused did commit MURDER.

There is never, or nearly never, any discussion of a healthy lifestyle, such as a natural food diet, etc. Almost nothing from officials are to strengthen the population. Severe panic was created. MURDER occurred.

5G

We need to discuss 5G. 5G affects the immune system.

The frequency that 5G is using is a very very high frequency. It is just below the classification of a weapon. They are using a frequency that is 10 times faster than 4G, and when it comes into connection with human bodies, it causes cell poisoning. Cell poisoning!! So our bodies try to fight the radiation that is in the form of cell poisoning because of the frequency of the 5G electromagnetic waves. What happens is that our bodies kick out the toxicity or toxins with some proteins and some DNA/RNA from our cells in the form of a chemical which is called a virus. Most diseases are excretions from cells that we are trying to pull out of our body, push out of our body. And it will head towards orifices and be excreted out of our body, expunged out of our body, our noses, our mouths, etc.

5G frequencies and power which is 10 times more powerful than 4G is reacting adversely with human cells causing cells in our bodies to be poisoned and toxic, and our natural defense mechanism is pushing out that toxicity in the form of a virus. So what you're seeing - it's not corona virus, rather you're seeing cell poisoning manifesting with fluids, chemicals, viruses that the body is trying to dispose of because it's harmful to our physical body.

All that's occurring in the world is a reaction to human bodies to the electrification of the universe through 5G satellites, 5G towers, 5G cells that are being populated in major cities around the world. This is what is causing a problem.

This is the largest global cover-up in history for the impact on human beings based on technological advancements.

What is happening is not the corona virus, rather what is happening is the body is producing a virus to reduce the toxic poisoning. Therefore the virus that we have is really a measure or indication of our cells excreting toxins. This is what may be killing people - toxicity of cells from 5G exposure. One of the first cities that rolled out ubiquitous blanket 5G, was Wuhan China where this corona virus was supposedly meant to start in some fish market.

It started as a result of radio frequencies at a very high frequency creating radiation that was toxic to cells. That is why people were falling over dying in the streets etc. So they tried to cover it up. Because it has a flu type characteristic, they are using corona virus to hide the fact that people are dying from the 5G frequency. Other major cities rolled it out.

It takes about six months for the harm to occur in a body. It takes this long because the damages are additive. Damage is occurring at every moment of 5G exposure.

It takes six months to have a physical impact on your body. In 2019, Wuhan was the first city, then Spain rolled out 5G, then Italy rolled out 5G. There's an oncoming of fatalities because of the level of 5G penetration rollout of 5G. Italy is the most densely populated with 5G and the population in Italy had a very high number of casualties.

The corona virus is not what is killing people. It is clearly categorically unequivocally and scientifically proven that the radio frequencies that we are being exposed to is what is killing people. Why do they allow it? Because of multiple agendas - primarily because 5G is the only network with the speed to handle the future. Where we are going rapidly is a world run by artificial intelligence.

A new global currency will be coming out. There will be driverless cars and a number of other things that need 5G to run on. They are happy to sacrifice millions of lives around the world.

The cruise ships were installed with 5G. There were people getting sick on cruise ships. Hospitals have 5G, major cities have 5G, airports have 5G, so these are places where people will be expected to get sick because of the extraordinary inordinate amount of radiation poisoning that they were exposed to.

We have had three pandemics in the last 120 years. The first pandemic was in 1918 - the Spanish flu. This is when they implemented radio waves globally and increased the electrification of our universe. Guess what happens - millions of people died 6 months later with a pandemic that they called the Spanish flu pandemic.

Roll on a number of years - World War II, just after that, another pandemic which was the implementation of radar equipment globally. Satellites went up into the Van Allen belt. They sent satellites to the Van Allen belt. When that was implemented, there were a number of deaths from a pandemic very shortly after.

In 1968 the Hong Kong flu - they rolled out another level of satellites in the Van Allen belt - over 100,000 satellites that were transmitting radar signals - electromagnetic radiation. We had radio waves first at the beginning of the century and then radar equipment along with telecommunication

equipment via satellites. This caused pandemics that killed multiple millions of people. Now the roll out of 5G - and this is now impacting people's lives and killing people around the world and they are covering it up in the name of corona virus.

These are facts and please go study 5G.

Russia has had no fatalities in the area of corona virus because they have not implemented 5G on a public use yet. They've only implemented it for exclusive use by the military.

Hence why they (Russia) had no fatalities.

Just to prove a point further, you're seeing in the news now, that people without underlying health issues or compromised immune systems are falling sick and dying of corona. This makes no sense that the young are dying.

The reason they are dying is the radiation is has no prejudice - young or old - you will succumb to the power of radiation.

This is a global phenomenon that needs to be reversed IMMEDIATELY.

TORTURE ON THE CIVILIAN POPULATION

USING THE POWER AND CONTROL WHEEL, BIDERMAN'S CHART OF COERCION AND AMNESTY INTERNATIONAL REPORT ON TORTURE TO DEMONSTRATE ABUSE BY OUR GOVERNMENT AND THE FAILURE OF LAW ENFORCEMENT AGENCIES

POWER AND CONTROL WHEEL

*The **Power and Control Wheel** is a visual tool that is useful in understanding how tactics of abuse are used by abusers to gain and maintain **power and control** over their victims.*

BIDERMAN'S CHART OF COERCION

***Biderman's Chart of Coercion** is a tool designed to demonstrate and explain the coercive methods of stress manipulation used to torture prisoners of war.*

AMNESTY INTERNATIONAL REPORT ON TORTURE

The UN Convention Against Torture defines torture as "...the intentional infliction of severe physical or mental pain or suffering for purposes such as obtaining information or a confession, or punishing, intimidating or coercing someone." Torture is always illegal. "No exceptional circumstances whatsoever, whether a state of war or a threat of war, internal political instability or any other public emergency, may be invoked as a justification of torture."

The purpose of this document is to demonstrate how we are being abused/coerced and tortured by officials at all levels of government: federally, provincially and municipally, and how our law enforcement agencies are failing to protect its citizens, therefore committing misconduct.

ABUSE:

Using the power and control wheel (attached), it is quite evident that the government with its overreaching emergency measures is actually exhibiting 'power and control' and in doing so is in fact abusing its citizens.

In March it was determined by the powers that be that we needed to isolate and self-quarantine for 14-15 days to 'flatten to curve' to ensure that our health care facilities did not get overwhelmed. This included the lockdown where the majority of businesses and offices had to close down. No one could visit anyone and we had to adhere to strict social distancing procedures. We could go to a few select 'essential' businesses such as grocery stores, Walmart, Costco and other larger businesses, as long as we sanitized our hands, stood on circles and followed arrows. Small businesses were shuttered and none of us could get a haircut. Even our places of worship where one could find comfort were closed. It is now over six months and while things have begun to relax and open there are still stringent restrictions which are now at risk of returning to the early days of the lockdown.

Using the 'Power and Control Wheel', various aspects of the wheel will be addressed to demonstrate how we are being abused.

Using Isolation: From the beginning, we were told to isolate at home and have no contact with anyone that did not live with us. We not only had to maintain 6-foot social distancing but visiting or driving in the same car were verboten. Now we can do this but only if it is with our 'social circle of 10'. Nursing homes, group homes and people in the hospital are not allowed to have visitors. Our support systems have been decimated. Elderly people and palliative patients are dying alone. This is beyond abuse; it is cruel and heartless. This falls under 'controlling what someone does' and 'limiting outside involvement'. No one can get close enough to witness if there is abuse or neglect, or if people are mentally or emotionally stable. Of course, 'controlling where someone goes' falls under this category. At the beginning, we were not allowed to go to parks, travel out of town or out of the province. We are still not allowed to

travel to the US as the border is closed. Interestingly, 'what they read' (watch or listen to) is also a huge issue with extreme censorship silencing any voices that contradict or challenge WHO, CDC or Public Health.

In the future, it seems that there will be Isolation Facilities, and it is reported that there may be a secret non-voluntary isolation centre in Quebec, and as well as a facility in Alberta for children. We know that Trudeau has given the Premier money for an isolation facility in Toronto.

While searching for information on the topic of isolation, the following information was discovered.

California Civil Rights Attorney Leigh Dundas published a [video on Facebook](#) this week to show the devastating consequences of isolating children and forcing them to practice "social distancing" at places like school.

Here are some lesser known facts about social distancing and isolation:

- *It was developed 70 years ago by the CIA to break down enemies of state.*
- *It is the equivalent of smoking 15 cigarettes a day AND being an alcoholic.*
- *It doubles the risk of death, and destroys the part of the brain responsible for learning.*

She pointed out that according to the statistics and the CDC:

- *A child's risk of dying from COVID is 0.0%, per the CDC.*
- *No child has passed on COVID to a family member or third party (they do not transmit).*

She goes on to explain the historical origins of practicing Social Distancing, and how the technique was developed by the CIA to torture "enemies of the state."

<https://healthimpactnews.com/2020/children-have-0-00-chance-of-dying-from-covid-but-are-harmed-for-life-by-social-distancing-which-has-its-roots-in-cia-torture-techniques/>

Using Economic Abuse: 'Preventing someone from working'. With the closure of offices, schools and small businesses, economic issues have affected a large percentage of citizens. Businesses and offices closing have caused economic hardship in terms of revenue as well as employees being laid off or losing their jobs. The fact that schools were closed affected one's ability to work even if they had a job since they were now responsible for basically homeschooling their children. Daycare centres were also closed, and with self-isolation models it was nearly impossible to access child care services. With all the loss of income, people had no choice but to apply for CERB and other benefits from the government (basically welfare), 'making them ask for money' and 'giving them an allowance'. It is very interesting that government employees (federally, provincially and municipally) have continued to get their pay check even though they have been working reduced hours from home. Some doctors are able to continue receiving a pay check even though they do not have to physically see any patients or perform physical examinations. Teachers have continued to be paid. No economic hardship it seems. One wonders if those that have not lost economically are the ones filling out the surveys in favour of more restrictions.

Using Coercion & Threats: One statement that is repeated regularly is basically "If you do not comply, you could kill grandma." But it is an empty threat. They are killing countless elderly folk by isolating them. Most elderly are very lonely to begin with. Not being able to have visitors or emotional support from their families is throwing them into despair and hopelessness. Should they be unfortunate enough to contract Covid-19, apparently numerous DNR orders were issued without permission of the patient or family. As well, the loneliness and isolation are driving a number of elderly people to seek MAiD (Medical Assistance in Dying). As you can see, isolation is a bigger threat than the disease itself.

However, a real and present threat is the excessive fines that are threatened if we do not comply with mask wearing, social distancing or gathering in groups larger than that mandated. If a church has more than the prescribed number of attendees, they are threatened with a substantial fine. If a business opened without permission then that business faced a huge fine and loss of licence. Even now, if Ontario medical doctors, veterinarians, and other medical professionals do not comply with their association's edicts, they risk losing their licence. In fact, if they even speak out against the excessive regulations and loss of civil liberties, they too will be shunned, fired and perhaps lose their licences. Sure sounds like communism.

Using Intimidation: It is intimidating to go to shops and services and be greeted with someone policing the entrances. "Do you have a mask?" For some reason, many of these people are very militant and disrespectful. It is quite stressful to go anywhere, especially if one does not know the routine for that particular establishment. To be talked down to and sometimes shouted at if one makes a mistake is very demeaning and degrading, even by fellow compatriots who treat everyone as if they are contaminated. The blame lies with the media and the health/government officials who have conditioned the masses to view everyone as a danger to them.

Using Emotional Abuse: 'Playing mind games.' What comes to mind is "Two weeks to flatten the curve." Then another time interval was suggested, and another. Then, it was, "We may never get back to normal unless we have a vaccine". "This is the new normal." "The second wave is coming and it will be worse than the first", absolutely stripping the population of any hope things will ever go back to 'normal'. Wearing the masks is so dehumanizing (literally) and following arrows around a store is humiliating, like a herd of cattle being led to the slaughter house. The Premier has also resorted to 'name calling' protestors "Yahoos" as well as berating teenagers at a pop-up car rally saying "They need to have their brains scanned." Because teenagers are largely unaffected by Covid, Mr. Ford referred to their elderly relatives and that the teens are not considering them, trying to make them 'feel bad about themselves' (guilt trip).

Using Children: As above, parents are living under the threat that if anyone in their family gets sick there is the chance that in the future their children will be forcefully removed from the home and taken to an isolation facility. There are already states that are trying to implement these measures. Children have not handled the Covid-19 situation very well. They are separated from their friends, peers, teachers and relatives. Even now as schools are open, they still must socially distance. As above, this will significantly impact children for many, many years, and some of these children may never recover.

Using Dominance: For sure we are all being treated like children. Decisions are being made "for our own good". Nobody asked us how we wanted to handle this 'crisis'. We were not given a choice. We are not given a choice to follow the rules. We have a choice but it could cost us a great deal and not many are willing to pay the price for freedom of thought, expression and speech. Our lives are being dictated by unelected health officials and elected officials who are answering to the unelected UN (WHO).

Minimising, Denying, Blaming: 'Making light of the abuse and not taking concerns seriously.' As our Premier says, "No one wants to open things up more than I do". That is not true. He still has a business and no loss of income. It seems there is no loss of freedom as well. But rarely does he address the effect this is having on our economy and the lives of the citizens. He does not quote the number of suicides, or the people that died of heart attacks because they were afraid to go to the ER or their 'non-essential' surgeries were cancelled. How about those who will not get their cancer diagnoses in time to save their lives due to lack of physical examinations and diagnostic imaging?

COERCION AND TORTURE:

For this section, the reader is referred to Amazing Polly's YouTube videos, "Is This Torture?" (<https://www.youtube.com/watch?v=3yk3xezML8Q>) and "Your Body is Their Weapon - We're all Patients Now" (<https://www.youtube.com/watch?v=jeVf8Bq1knk>). Certain aspects of these reports will be highlighted. (Also available on Bitchute - <https://www.bitchute.com/channel/ZofFQQoDoqYT/>)

In the video "Is This Torture", Amazing Polly submits evidence and examples comparing our situation to the study of torture & coercion on Prisoners of War. It becomes clear that what we are being put through with the virus response is a near perfect parallel to the Amnesty International definition of torture (attached)& Biderman's 'Chart of Coercion.'

As a reminder, *The UN Convention Against Torture defines torture as "...the intentional infliction of severe physical or mental pain or suffering for purposes such as obtaining information or a confession, or punishing, intimidating or coercing someone."* Torture is always illegal. "No exceptional circumstances whatsoever, whether a state of war or a threat of war, internal political instability or any other public emergency, may be invoked as a justification of torture."

And: **Biderman's Chart of Coercion** is a tool designed to demonstrate and explain the coercive methods of stress manipulation used to torture prisoners of war. (See below)

Biderman's Chart of Coercion

A tool designed to demonstrate and explain the coercive methods of stress manipulation used to torture prisoners of war. It has been applied to explain the coercive techniques used by perpetrators of domestic abuse.

This list directly reflects the original chart, it has not been changed to fit the domestic abuse context.

Method	Effect and Purpose	Variants
Isolation	Deprives victim of all social support of their ability to resist. Develops an intense concern with self (this could be home environment) Makes victim dependent.	Complete solitary confinement Complete or partial isolation Group Isolation
Monopolisation of Perception	Fixes attention upon immediate predicament. Eliminates information not in compliance with demands. Punishes independence and /or resistance.	Physical isolation Darkness or Bright light Restricted movement Monotonous Food
Humiliation and Degradation	Makes resistance more 'costly' than compliance. 'Animal Level' concerns.	Personal hygiene prevented Demeaning Punishments Insults and taunts Denial of Privacy
Exhaustion	Weakens mental and physical ability to resist.	Semi-Starvation Sleep deprivation Prolonged interrogation Overexertion
Threats	Creates anxiety and despair Outlines cost of non-compliance	Threats to kill Threats of abandonment/nonreturn Threats against family Vague Threats Mysterious changes of treatment.
Occasional indulgences	Positive motivation for compliance. Hinders adjustment to deprivation	Occasional favours Rewards for partial compliance Promises
Demonstrating Omnipotency	Suggests futility of resistance	Confrontation Showing complete control over victim's face
Forcing trivial demands	Develops habit of compliance	Enforcement of 'rules'

Amnesty International (1994)

Many of these Methods, Effects and Purposes, as well as Variants are self-explanatory and have been previously discussed or alluded to in length under the Power and Control Wheel.

Isolation has been discussed in detail. The so-called "14 days to flatten the curve" quarantine was in essence house arrest and solitary confinement. Certainly, the isolation of our elders and disabled with the ability to even visit amongst themselves was tantamount to torture. The United Nations Committee Against Torture stated that full isolation for 22–23 hours a day in super-maximum-security prisons is unacceptable. The United Nations have also banned the use of **solitary confinement** for longer than 15 days. To this day, when one travels to another country or may have been in contact with a person who tested positive, they must remain in isolation for at least 14 days, which means not leaving one's residence for any reason.

Monopolisation of Perception includes the incessant discussion of COVID-19 with daily briefings by the Premier and Health Team, the Prime Minister and practically non-stop coverage, designed to frighten the masses, so much so that all they seem able to discuss amongst themselves is the dreaded corona virus and depart with the new catch phrase "Keep Safe". Censorship is a huge part of this category with the public not being able to access any information other than what is being spoon-fed from mainstream media and government/health officials. Any mention of any treatments

is swiftly deleted from Twitter, Facebook and YouTube. As mentioned, if a medical professional or government official goes against the narrative, they are summarily disciplined and silenced.

Humiliation and Degradation: The mask and social distance 'Nazis' treat the public as if they are unruly children that need to be reigned in and disciplined. As well, there seems to be an extremely frightening trend where people who are caught without masks (even with exemptions) are being manhandled, beaten and arrested. There are many examples of humiliation and degradation. Going shopping has become an unpleasant experience and getting proper healthcare seems almost impossible.

Exhaustion: Life is so stressful that it is mentally and emotionally exhausting trying to get through the day and very difficult for many to get a good night's sleep with all the anxiety and worry about the future. For some, how they are going to pay the bills and not lose their house is a major stressor. No wonder the suicide rate is so high.

Threats: Society on the whole is living under a barrage of threats from all angles. The threat of the virus. The threat of losing one's livelihood and independence. The threat of fines for noncompliance. The threat of the 'new normal' with no hope of things returning to pre-COVID life. Perhaps the biggest threat is that of mandatory vaccines in the future or no school, no work, no travel, no healthcare and perhaps no access to finances with total control over us by the government.

Occasional Indulgences: Lockdown restrictions have been lifted somewhat and so people are starting to breathe a little easier. People are so grateful that things are lifted (such as being able to go to a restaurant or get a haircut) that they totally ignore the fact that we are still being deprived of our rights and freedoms such as freedom of movement. We still have to follow the arrows and stand on dots.

Demonstrating Omnipotence: WHO, CDC, Dr. Tam, Dr. Fauci, Dr. Birx, Bill Gates and various other Public Health officials are elevating themselves to near god-like status, making all the decisions for basically the whole world. They have all the answers. They cannot be criticized and no contrary advice is to be entertained. They will come up with a vaccine and save the world. As Bill Gates has declared, there will be no return to normal until the whole world is vaccinated.

Forcing Trivial Demands: Compliance and following the rules. That says it all. This is not a free-will choice. It is demanded or there will be severe consequences.

All the above constitute torture and so it is fairly easy to demonstrate that the COVID-19 lockdown measures fall under the definition of torture. As well, Amazing Polly demonstrates in "Your Body is Their Weapon – We're all Patients Now", that to be treated as if we are chronically ill is a form of torture. She refers to an article by Sam Vaknin, "The Body as a Torture Chamber" (Mental Health Matters - <https://mental-health-matters.com/the-body-as-a-torture-chamber/> May 20, 2010) and applies his arguments to what is happening with the pandemic response.

Dr. Vaknin compares the world of a chronically ill patient with their interactions with the medical system to being tortured and their own body is the device of torture. Polly believes that with the pandemic 'they' are capitalizing on the psychology of the doctor/patient relationship and making us all into patients and treating us accordingly. She believes this is another form of torture and should be against the Geneva Convention and any form of decency to treat someone who is not sick as if they are sick.

Some excerpts from the article by Dr. Vaknin:

In a nutshell, the terminally and chronically ill suffer from Complex Post-Traumatic Stress Disorder (PTSD). Their strong feelings of anxiety, guilt, and shame are also typical of victims of childhood abuse, torture, domestic violence, and rape.

Inevitably, in the aftermath of bodily trauma and protracted illness, the victims feel helpless and powerless. This loss of control over one's life and body is manifested physically in impotence, attention deficits, and insomnia. This is often exacerbated by the disbelief many patients encounter when they try to share their experiences, especially if they are unable to produce scars, or other "objective" proof of their ordeal.

Bystanders resent and shun the sick because they make them feel anxious. The ill threaten the healthy person's sense of security and much-needed belief in predictability, justice, and rule of natural law. The patients, on their part, do not believe that it is possible to effectively communicate to "outsiders" what they have been through. The torture chambers known as hospital wards are "another galaxy". This is how Auschwitz was described by the author K. Zetnik in his testimony in the Eichmann trial in Jerusalem in 1961.

Treating us all as if we are patients and asking us to behave as if we are contagious, broken and dangerous even though we are not sick causes our identities to fragment and which places us under at least low-grade stress and even

start to break under extreme psychological manipulation as well as all the other stressors. We are in survival mode and beginning to see each other as dangerous. It is dehumanizing and degrading. They are frightening people into thinking that if they do not behave things will be worse and so they become complicit and participate in the torture. Nothing is either safe or credible. We are dependent on a system that does not make any sense and is very precarious. Chronically ill people have to do what the doctors say because there are no alternatives. No one is offering a cure or even prevention. They are playing with our minds. First it was 15 days, then 30 days, then a little longer, maybe years, just wear a mask. This is the 'new normal'. You can shop at big box stores but not mom and pop shops. They release dangerous prisoners but arrest people for not being compliant with medical tyranny. And these are the same people that hold the keys to our freedom. This will break our minds. Treating healthy people as if they are chronically ill is tantamount to torture.

Another aspect of treating healthy people as if they are ill, they are deathly afraid of actually getting ill. Even a headache will trigger a number of intrusive measures causing extreme stress, and consequently they would be too fearful to mention it or get it checked out even if it becomes troublesome. If, heaven forbid, someone does end up having COVID, numerous people have stated they do not wish to be admitted to hospital or be put on a ventilator, and would rather die at home than in a hospital by themselves. People are terrified of going to Emergency for conditions that do require attention. This is a betrayal of our health care system.

MASK HEALTH RISKS:

With the mandatory mask mandates, the government is forcing people to put their lives at risk. Mask wearing has been demonstrated to decrease oxygen and increase CO2. The symptoms of carbon dioxide poisoning (hypercapnia/hypercarbia) include nausea, vomiting, dizziness, headache, rapid breathing, fast heart rate, and flushing, and severe cases may include confusion, convulsions and **loss of consciousness**, making it extremely dangerous to operate a vehicle while wearing a mask. A young woman recently fainted at work 15 minutes into her shift, and there are **NUMEROUS** complaints of headaches, anxiety and confusion from those who need to wear them on a regular basis. People are not supposed to be breathing in CO2. In fact, CO2 is used to euthanize rodents, etc. If carbon dioxide can kill a rat, can you imagine what harm mask wearing is doing to us?

CO2 (carbon dioxide) is listed as a **TOXIC SUBSTANCE** - item #74 - in the Canadian Environmental Protection Act (1999). Section 245 of the Canadian Criminal Code makes it a **criminal offense** to make someone breathe in CO2.

Case law against Michael's Hospital:

The Science and the Law had already decided in Ontario Canada in 2018 that masks that there is scant scientific evidence concerning asymptomatic transmission and greater harm per the case against Michael's Hospital forcing mandatory mask for nurses refusing to be vaccinated.

MOVING FORWARD:

Having argued and demonstrated using the various tools that we are in fact being tortured by all levels of our government, it is now imperative that **we call on law enforcement to investigate the criminal behaviour** of the Ontario Government as well as local municipalities. All the lockdown measures and mask mandates **MUST** be rescinded immediately and the Canadian Charter of Rights and Freedoms and the Ontario Human Rights Code honoured.

The State of Emergency ended at the end of July. This order was revoked July 24, 2020 (see 2020, c 17, s17, <https://www.ontario.ca/laws/regulation/200050>). The termination date of the emergency was July 24, 2020). However, the government has retained all extreme and extraordinary measures as if it was still in a state of emergency. In addition, according to Randy Hillier, MPP, Premier Doug Ford will not reveal who is a part of the COVID Command. The agenda, minutes or communications are hidden, and this unelected and unaccountable team is allowed to come up with all kinds of outrageous edicts without debate, discussion or vote. According to documentation on the website 'Stand Up Canada', declarations of emergency in every province failed to meet criteria and are in violation of the Emergency Management and Civil Protections Act (EMCPA) <https://standupcanada.ca/canada-wide-declarations-of-emergency/>

It is apparent that this 'virus' is a part of a global plan with a much bigger agenda. It is obvious that the majority of governments are in 'Lockstep' with each other. For information on this 'plandemic', please view the Plandemic documentaries (found at www.plandemicseries.com).

It is extremely disturbing to view parts of the world that are essentially in a Police State. If this 'lockstep' tyranny progresses as it appears to be, then it will not be long before we find ourselves in a police state in Canada. Quebec is already taking measures that indicate it is headed towards a police state.

WARNING: Should the Police not do their jobs and fail to protect us from our government, then each individual police officer will be held PRIVATELY LIABLE.

The following text is part of a legal document that is ready to be submitted to the courts.

Top officials like the Queen, Presidents or Prime Ministers, NO ONE has proof that corona virus SARS-CoV-2 causes COVID19. Proof requires the gold standard of medical testing called Koch's Postulates that isolate a suspected disease-causing agent. Freedom of information responses confirm there is NO record of isolating coronavirus SARS-CoV-2 anywhere. Instead, there is an abstract digitally created database virus.

The coronavirus SARS-CoV-2 test can only test for a sequence of RNA not a virus. CDC reported 9,200 people died in Canada with COVID19. 9,200 out of 38 million equals .00024% or LESS THAN 1/4 OF 1% comparable to a regular flu season. Not one province met conditions required to declare an emergency.

Without proof of COVID19 nor a reliable test, a regular flu season death rate, and unmet emergency conditions, COVID19 measures are NOT DEMONSTRABLY JUSTIFIED. This means top officials acted PRIVATELY, outside statutory authority, and are privately LIABLE.

As well, no actions by any Lieutenant Governor, Premier, Governor, Attorney General, Solicitor General, top Health Official, Mayor, Health Department, Chief of Police, etc., were DEMONSTRABLY JUSTIFIED. Actions were all fear based without fact-based evidence, illegal, unlawful, and nothing was sworn under oath.

From the Emergency Management and Civil Protection Act, section 7.0.2 (1) states: The purpose of making orders under this section is to promote the public good by protecting the health, safety and welfare of the people of Ontario in times of declared emergencies in a manner that is subject to the Canadian Charter of Rights and Freedoms.

From the CONSTITUTION ACT, 1982, PART I, CANADIAN CHARTER OF RIGHTS AND FREEDOMS, Section 52 states: (1) The Constitution of Canada is the supreme law of Canada, and any law that is inconsistent with the provisions of the Constitution is, to the extent of the inconsistency, of no force or effect.

Further: Sections 1 and then 2 of the Constitution Act 1982:

Section 1. The Canadian Charter of Rights and Freedoms guarantees the rights and freedoms set out in it subject only to such reasonable limits prescribed by law as can be demonstrably justified in a free and democratic society.

Section 2. Everyone has the following fundamental freedoms:

- (a) freedom of conscience and religion;
- (b) freedom of thought, belief, opinion and expression, including freedom of the press and other media of communication;
- (c) freedom of peaceful assembly; and
- (d) freedom of association.

A partial list of freedoms includes:

Section 6 (2) Every citizen of Canada and every person who has the status of a permanent resident of Canada has the right (b) to pursue the gaining of a livelihood in any province.

Section 9. Everyone has the right not to be arbitrarily detained or imprisoned. (like in your own home)

Section 12. Everyone has the right not to be subjected to any cruel and unusual treatment or punishment. (like treating healthy people guilty of being sick, guilty until proven innocent).

Section 26. The guarantee in this Charter of certain rights and freedoms shall not be construed as denying the existence of any other rights or freedoms that exist in Canada. (like being born free)

Section 31. Nothing in this Charter extends the legislative powers of any body or authority. (like the establishment operator's mask NAZI arbitrarily creating his or her own laws through the legislation they created in their head right there and then.)

Regarding the right to the gaining of a livelihood. Who lost income? who lost a livelihood? who lost a business? and who lost a loved one to SUICIDE because of the measures that did not fall within the Charter of Rights and Freedoms?

The Police Services Act reads as follows:

Section 1: Police services shall be provided throughout Ontario in accordance with the following principles:

Subsection 2. The importance of safeguarding the fundamental rights guaranteed by the Canadian Charter of Rights and Freedoms and the Human Rights Code.

Who was supposed to safeguard our freedoms? THE POLICE. Who had the DUTY? THE POLICE.

Again, the Emergency Management and Civil Protection Act, section 7.0.2 (1) states: The purpose of making orders under this section is to promote the public good by protecting the health, safety and welfare of the people of Ontario in times of declared emergencies in a manner that is subject to the Canadian Charter of Rights and Freedoms.

We would like to bring your attention to a Supreme Court of Canada case: Roncarelli v. Duplessis, [1959]. It was a landmark constitutional decision of the Supreme Court of Canada where the Court held that Maurice Duplessis, the Premier of Quebec, had overstepped his authority by revoking the liquor licence of a Jehovah's Witness. Justice Ivan Rand wrote in his often-quoted reasons that the unwritten constitutional principle of the "rule of law" meant no public official was above the law and so could neither suspend nor dispense it.

Briefly this ruling also gives remedy for the population to hold Police PRIVATELY LIABLE for acting outside of statutory authority. Each Police Officer was duty-bound to safeguard our freedoms, yet did not. Each Police Officer committed section 80 and 81 violations - MISCONDUCT. Each Police Officer disobeyed sections 1, 80, and 81 of the Police Services Act, and they failed to obey the Constitution Act 1982.

The Criminal Code, section 126 as follows: Disobeying a statute.... section 126 (1) Every person who, without lawful excuse, contravenes an Act of Parliament by intentionally doing anything that it forbids or by intentionally omitting to do anything that it requires to be done is, unless a punishment is expressly provided by law, guilty of (a) an indictable offence and liable to imprisonment for a term of not more than two years.

How about making people breathe in their own CARBON DIOXIDE, which is listed as a TOXIC SUBSTANCE, item #74 of the Canadian Environmental Protection Act, the Police should have been laying charges on anyone forcing the mask wearing as follows:

Section 245 of the criminal code: (1) Every person who administers or causes to be administered to any other person or causes any other person to take poison or any other destructive or noxious thing is guilty (a) of an indictable offence and liable to imprisonment for a term of not more than 14 years.....

The POLICE - by failing to do their duties acted outside of statutory authority - AND created an EMERGENCY = "emergency" means a situation or an impending situation that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or other health risk, an accident or an act whether intentional or otherwise;

Each Police Officer committed misconduct and committed criminal code offenses by failing to safeguard the Fundamental Rights and Freedoms and the Human Rights Code.

If you are a Police Officer and want to be seen as an HONEST POLICE OFFICER from this point on.... the principle of the "rule of law" meant no public official was above the law and so could neither suspend nor dispense it. Also, section 15 of the Charter states that there is equality of the law and equal benefit of the law. HONEST POLICE OFFICERS, you have the duty to detain, question, and even arrest your fellow and superior officers. If you don't, people will hold you privately liable, and the economic damages in North America is likely in the trillions of dollars, billions for sure, in Canada. There are people who are ready to hold you PRIVATELY LIABLE and even CITIZEN'S ARREST you.

Final thoughts: From the Emergency Management and Civil Protection Act, the definition of "emergency" is what the POLICE have allowed to actually happen - we are now in an emergency due to the DECLARED EMERGENCY...."emergency" means a situation or an impending situation that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or other health risk, an accident or an act whether intentional or otherwise.

Let this be clear to POLICE - Sections 7.0.1 (3) 1 i, and ii, and iii of the Emergency Management and Civil Protection Act was not "DEMONSTRABLY JUSTIFIED". All measures were not in a manner that was subject to the Charter and it was your DUTY to SAFEGUARD - and you did not.

The Declarations of Emergency were very likely a "simulation and training exercise". The Global Preparedness and Monitoring Board had stated the following Progress Indicators by September 2020 as follows: The United Nations (including WHO) conducts at least two system-wide training and simulation exercises, including one for covering the deliberate release of a lethal respiratory pathogen.

As well, the Government of Canada website only had 1 death and 1 case up to March 17, 2020 - neither of them sworn information under oath. One death and one case is not a PANDEMIC - it had to have been a training and simulation exercise.

Almost everybody is aware of empty hospitals and test centers, with videos proving the emptiness taken down. Many know about fraudulent death certificates, and you are pointed to section 128 of the criminal code for that. Start questioning CORONERS.

Another atrocity includes obstructing and preventing religious services, covered in section 176 of the Criminal Code.

Many Police Officers do not know who has the duty to safeguard our fundamental rights and freedoms especially when there were no DEMONSTRABLY JUSTIFIED orders. It is written in the Police Services Act that the Police have to safeguard the Charter of Rights and Freedoms and the Human Rights Code.

Police Officers have said that anyone who goes against the system will have their career shot. Are the Police Officers acting in good faith by not enforcing the law? NO, not at all, and they are PRIVATELY LIABLE for this lack of good faith as it is acting outside of statutory duties.

The RCMP is also responsible for crimes against the laws of Canada being committed. Currently there is a "crime in progress" with the measures of lockdown. These measures disobey several statutes, namely, The Constitution Act 1982, the Police Services Act, and especially the Emergency Management and Civil Protection Act, causing every Police Officer to commit MISCONDUCT as well as Criminal Code Offences - violations in the Police Services Act as well as Criminal Code violations by Police Officers.

Police Officers have stated "I'd love to speak out, but I can't, I'd lose my job". If they whistle-blow the system, the system is going to find a way to punish them. They'll get an unwanted desk job or a job they will hate in order to make them quit. Police Officers and other Peace Officers are afraid to speak up because they are "in the system" (basically a career-ending move). At what point do you speak out? When your freedoms are all gone? When people are getting hurt like in the US?" Police Officers don't trust the RCMP and have flatly stated that the RCMP is really corrupt; they mention that there is a cover-up in the Nova Scotia murders. "There is no reasonable information and they are not telling us what they know."

HONEST POLICE OFFICERS, you are encouraged to do your jobs and take out your colleagues using the criminal code to reset to HONESTY, INTEGRITY and FREEDOM. However, if you fail to protect us from this point on, you will be held CRIMINALLY and PRIVATELY LIABLE.

Torture

Torture and other cruel, inhuman or degrading treatment thrive behind closed doors. It must stop, and those responsible for authorizing and implementing it must be held accountable.

The UN Convention Against Torture defines torture as "...the intentional infliction of severe physical or mental pain or suffering for purposes such as obtaining information or a confession, or punishing, intimidating or coercing someone." Torture is always illegal. "No exceptional circumstances whatsoever, whether a state of war or a threat of war, internal political instability or any other public emergency, may be invoked as a justification of torture."

Abuse of prisoners doesn't have to be torture to be illegal. Cruel, inhuman, and degrading treatment (CID) is also illegal under international and Canadian law. CID includes any harsh or neglectful treatment that could damage a detainee's physical or mental health or any punishment intended to cause physical or mental pain or suffering, or to humiliate or degrade the person being punished.

While it is sometimes difficult to distinguish between torture and CID, there are two key differences. First, torture constitutes a more severe degree of pain or suffering. Second, torture is the result of a deliberate and purposeful act aimed at imposing great suffering, while CID could be the result of accident or neglect. Both torture and CID are illegal.

Amnesty International has campaigned against torture and CID for decades. Our campaigning helped lead to the Convention Against Torture and its Optional Protocol, and it has helped lead to most UN member states joining the Convention. We take action in support of those who have and those who continue to experience torture and CID. And we won't stop. We won't stop until torture is stopped.

A WORLD AT RISK

**Annual report on global preparedness
for health emergencies**

Global Preparedness Monitoring Board

September 2019

 **GPMB**
GLOBAL PREPAREDNESS MONITORING BOARD

The United Nations must strengthen coordination mechanisms.

The Secretary-General of the United Nations, with WHO and United Nations Office for the Coordination of Humanitarian Affairs (OCHA), must strengthen coordination in different country, health and humanitarian emergency contexts, by ensuring clear United Nations systemwide roles and responsibilities; rapidly resetting preparedness and response strategies during health emergencies; and, enhancing United Nations system leadership for preparedness, including through routine simulation exercises. WHO should introduce an approach to mobilize the wider national, regional and international community at earlier stages of an outbreak, prior to a declaration of an IHR (2005) Public Health Emergency of International Concern.

Progress indicator(s) by September 2020

- The Secretary-General of the United Nations, with the Director-General of WHO and Under-Secretary-General for Humanitarian Affairs strengthens coordination and identifies clear roles and responsibilities and timely triggers for a coordinated United Nations systemwide response for health emergencies in different countries and different health and humanitarian emergency contexts.
- The United Nations (including WHO) conducts at least two system-wide training and simulation exercises, including one for covering the deliberate release of a lethal respiratory pathogen.
- WHO develops intermediate triggers to mobilize national, international and multilateral action early in outbreaks, to complement existing mechanisms for later and more advanced stages of an outbreak under the IHR (2005).
- The Secretary General of the United Nations convenes a high-level dialogue with health, security and foreign affairs officials to determine how the world can address the threat of a lethal respiratory pathogen pandemic, as well as for managing preparedness for disease outbreaks in complex, insecure contexts.

As an independent monitoring and advocacy body, the Global Preparedness Monitoring Board (GPMB) urges political action to prepare for and mitigate the effects of global health emergencies. Co-convened in May 2018 by the World Bank Group and the World Health Organization, the Board builds on the work of the Global Health Crises Task Force and Panel, created by the United Nations Secretary-General in the wake of the 2014-2016 Ebola epidemic. The Board works independently of all parties, including its co-conveners, to provide the most frank assessments and recommendations possible. The findings, interpretations, conclusions and opinions expressed in this report and by Board members represent their views only and not those of their organizations or of the co-conveners.

- 2) EMACPA section 7.0.2 (1) & (3) - measures to follow the charter, but are not.
- 3) Violations of the Charter & EMACPA 7.0.2 (1) - disobeying a statute - cc126.
 - a) Emergency orders not DEMONSTRABLY JUSTIFIED in accordance with the principles of fundamental justice. Prove what you are declaring - swearing under oath.
 - b) Right to the gaining of a livelihood (section 6. 2. (b) of the Charter)
 - c) Forcing the population to breathe in a toxic substance - CO2 - Schedule 1, item #74 of the Canadian Environmental Protection Act, 1999. (violates section 245 Criminal Code)
 - d) Criminal code violation to force anyone to breath in a toxic substance. (section 245)
 - e) Gatherings - churches and all others. (Charter section 2 violation, cc section 176)
 - f) Death certificates - fraudulent reporting - criminal code violations (section 128)
 - g) So called infection numbers and deaths are not sworn under oath and presented by an appropriately skilled source. The numbers are INVALID.
 - h) PCR test is not a valid test. Therefore the numbers are totally invalid.
 - i) Alternative media reports of an alternative narrative have experienced deletion of Youtube and other channels.

Violates freedom of the press, freedom of expression, free speech, security of the person, loss of liberty, etc. (Charter sections 2, 6, 7, etc)
 - j) CARBON DIOXIDE is a EUTHANIZING AGENT used to kill animals. The masks are a CO2 retention chamber, and children in particular are slowing down how they move and behave - just as rats do when exposed to CARBON DIOXIDE. This is reckless endangerment of children, elderly and all others. Criminal code section 218, 219, 245, etc. Child abuse, elder abuse, healthy people abuse.
 - k) Elderly are silently affected in an end of life situation without loved ones- CRUELTY s12 Charter.
 - l) CARBON DIOXIDE POISONING details.

You are only hurting yourself wearing the mask. You are re-breathing in your own waste, you are making particles of bacteria moistened inside of the mask, that you are now inhaling into your sinuses and getting into and behind your eyes, getting into your ears, into your throat, giving yourself strep infection, staph infection, and other problems . You are breathing in cloth particles, bleach particles, food coloring or whatever dyes they used, formaldehyde. You are harming your lungs by re-breathing your own carbon dioxide, you are decreasing your oxygen saturation levels, you won't be able to think very clear. There is nothing floating through the air killing people, there are no people die-ing on the street and we don't have any numbers to match the lie-ing numbers on the television.
Babies seeing mom or dad in a mask - how is that good for a baby? With children, on top of all just mentioned, a child cannot get a cue on the mothers or fathers emotions. This is severe child reckless endangerment.
The second you touch your mask, it should be replaced.
Can't mourn the dead, or care properly for loved ones. Suicide is up significantly.
Your body makes particles when you are healing. They are not contagious.
 - m) VIRUS never isolated and sworn under oath.
 - n) False media stories about hospitals and test centers overloaded. Numerous videos showing the false stories removed by YouTube and others. HIDDEN AGENDA needs to be investigated and stopped immediately.
 - o) CAMPS - Police are required to take notice and detain and question to get to the bottom of this. CAMPS were involved in ALDOLF HITLER times and must be taken seriously as well as shut down permanently. Treat the CAMPS issue as if there is a CRIME ABOUT TO BE COMMITTED. Start with the Lieutenant Governor and the Premier.

- p) Vaccines cause impaired blood flow causing micro vascular strokes. Damages are additive.
- q) 5G communication frequencies affect oxygen bonding - risking health and life. The original symptoms in early 2020 were that of an oxygen deprivation issue. 5G frequencies may have been responsible for that as people who were sick were in areas that had 5G. De-oxygenation of hemoglobin.
- r) TORTURE - the measures have all the elements of TORTURE, which is a criminal code offense 269.1. No defense for TORTURE even in a public emergency.
- s) The QUEEN is absent while laws are being violated.

4) Police duties:

Police Services Act, R.S.O. 1990, c. P.15

Roncarelli v Duplessis - Supreme Court precedence:

Roncarelli v. Duplessis, [1959] S.C.R. 121, was a landmark constitutional decision of the Supreme Court of Canada where the Court held that Maurice Duplessis, the premier of Quebec, had overstepped his authority by revoking the liquor licence of a Jehovah's Witness. **Justice Ivan Rand wrote in his often-quoted reasons that the unwritten constitutional principle of the "rule of law" meant no public official was above the law and so could neither suspend nor dispense it.**

Although Duplessis had authority under the relevant legislation, his decision was not based on any factors related to the operation of the licence but was made for unrelated reasons and so was held to be exercised arbitrarily and without good faith.[1]

Decision In a 6-3 decision, the Supreme Court of Canada reinstated the trial decision, holding that Duplessis wrongfully caused the revocation of Roncarelli's liquor licence. The six judges who sided with Roncarelli used different legal reasoning to reach their decision. Three judges wrote that

Duplessis had ordered the cancellation outside his authority as premier; two judges stated that although Duplessis had the power to order the cancellation, he had done so in bad faith; and the sixth **judge concluded the premier was not entitled to immunity as a public official.** Roncarelli was awarded \$33,123.53 in damages as well as costs in the Court of Queen's Bench and the Supreme Court of Canada. Roncarelli's son, however, maintained that it was a significant moral victory in his father's struggle against the system.

A Supreme Court of Canada decision - Roncarelli vs. Duplessis, [1959], it was a landmark constitutional decision of **the Supreme Court of Canada where the Court held that Maurice Duplessis, the actual Premier of Quebec, had overstepped his authority by revoking the liquor license of a Jehovah's Witness. Current officials are stepping outside of statutory authority, big time, and are privately liable.** The Premier of Quebec, while he was in office, was held privately liable for acts done outside of his lawful authority. The act of Quebec Premier Maurice Duplessis through the instrumentality of the Commission brought about a breach of an implied public statutory duty toward Frank Roncarelli (a citizen); it was a gross abuse of legal power expressly intended to punish him for an act wholly irrelevant to the statute, a punishment which inflicted on him, as it was intended to do, the destruction of his economic life as a restaurant keeper within the province.

HOAX regarding Terrorism, and MURDER

ATTENTION POLICE

Freedom of information requests have yielded in total NO RECORDS proving that the alleged SAR-COV-2 virus exists - NO RECORDS. Ontario public health officials have zero legitimate evidence to support their story of a "COVID-19 virus" let alone a "COVID-19" pandemic. The virus is unproven and purely theoretical. They have committed FRAUD on the population.

And even if a virus did exist, there is no way for PCR to determine the origin of the sequence(s) detected. PCR can't distinguish between an RNA sequence from an intact virus and an RNA sequence from a "dead"/destroyed virus... or from some other source.

A positive test cannot be equated to "infection with a virus". The PCR test has no clinical relevance. Therefore, all test results are null and void.

"NEW CASES" may be VACCINE INJURIES as there never was a Pandemic before Vaccine rollout.

Lockdown suicides become MURDER, and lockdown related deaths become MURDER especially since the resources, criteria and circumstances mentioned in section 7.0.1 (3) [EMACPA] were never disclosed - not even in the report on the 129 day Declaration of Emergency. Since nothing was proven, it is deemed a HOAX. This is a criminal code violation in section 83.231 (1) HOAX regarding Terrorism, for which you are a party to. If a child (or anyone) dies as a result of the measures, you will be charged section 229 (c) - where a lockdown death or lockdown suicide becomes MURDER.

The report on the 129 day Declaration of Emergency did not divulge the resources, criteria and circumstances for the Declaration of Emergency nor was it ever divulged under oath to the population at any other point - still to this day. It can easily be said that the resources in question in section 7.0.1 (3) 2 [EMACPA] were staples or paper clips.

The Lieutenant Governor failed to disclose sworn records containing proof that the alleged SARS-COV-2 virus in fact exists.

"Deaths are included whether or not COVID-19 was determined to be a contributing or underlying cause of death as indicated in the iPHIS field Type of Death." (source = <https://files.ontario.ca/moh-covid-19-report-en-2020-06-26.pdf> page 14)

"There is no question that there will be a challenge to the coming administration in the arena of infectious diseases," Dr. Fauci said during a speech at Georgetown University (July 2017), adding, "the thing we're extraordinarily confident about is that we're going to see this in the next few years."

The DECLARATION OF EMERGENCY was part of a UN and WHO system-wide training and simulation exercise of a deliberate release of a lethal respiratory pathogen.

"The United Nations (including WHO) conducts at least two system-wide training and simulation exercises, including one for covering the deliberate release of a lethal respiratory pathogen." (written before September 2019 by the GPMB)

WHEREAS THE DECLARATION OF EMERGENCY OF MARCH 17, 2020 STATING:

WHEREAS the criteria set out in subsection 7.0.1(3) of the *Emergency Management and Civil Protection Act*, R.S.O. 1990, chapter E.9 (the "Act") have been satisfied;

NOW THEREFORE, an emergency is hereby declared pursuant to section 7.0.1 of the Act
in **the whole of the Province of Ontario**.

AND WHEREAS:

"Deaths are included whether or not COVID-19 was determined to be a contributing or underlying cause of death as indicated in the iPHIS field Type of Death." (source = <https://files.ontario.ca/moh-covid-19-report-en-2020-06-26.pdf> page 14)
This is a criminal code violation section 128.

AND WHEREAS:

Dr. Fauci knew an infectious disease challenge was coming back in July 2017;

AND WHEREAS:

Hospital staff around the world have made dancing videos because they are not busy at all. Videos of a body in a body bag with "COVID19" written at its feet while being carried by dancing hospital staff prove that even hospital staff believe it is a HOAX;

AND WHEREAS:

Bill Gates has an interest in GLOBAL population reduction via vaccinations. Bill Gates has also used the terms "Pandemic 1", "Pandemic 2" and other phrases that would eliminate freedoms that involve vaccinating the entire world. The Police failed to pick up on such corruption. How does Bill Gates know there is another Pandemic coming?

AND WHEREAS:

Before September 2019, the Global Preparedness Monitoring Board detailed out a **simulation and training exercise** related to a lethal respiratory pathogen release;

AND WHEREAS:

FUNDAMENTAL JUSTICE and DUE PROCESS have been obstructed and interfered with;

AND WHEREAS:

The details of the criteria, details of the resources, and details of the circumstances that led to the Declaration of Emergency have never been disclosed to the population under oath,

it is DEEMED a HOAX.

Criteria for declaration:

Rephrased: Section 7.0.1 (3) 2 [EMACPA] - one of the following circumstances exists:

- i. **The resources normally available** cannot be relied upon without the **risk of serious delay**.
- ii. Those **resources may be insufficiently effective** to address the emergency.
- iii. It is not possible, without the **risk of serious delay, to ascertain whether those resources can be relied upon**.

Since the resources, criteria, and circumstances have never been divulged under oath and to the population, this is equivalent to saying - I saw a ghost, everyone stay indoors, don't work, etc., without ever stating under oath any details of the ghost, such as pictures, audio recordings, video recordings, sworn witness statements, sworn statements from the person stating they saw a ghost to verify a ghost exists, etc.

Section 7.0.2 (1) [EMACPA] also states that orders must be done in accordance with the Charter of Rights and Freedoms. This means that all rights and freedoms are guaranteed.

FUNDAMENTAL JUSTICE, and DUE PROCESS have been interfered with and/or obstructed rendering all ORDERS UNLAWFUL.

It is deemed to be a CASPER THE FRIENDLY GHOST COVID-19 VIRUS - a disorder in the mental capacity of the Lieutenant Governor ELIZABETH DOWDESWELL and Premier of Ontario DOUG FORD as well as all "order followers" - especially considering that:

Nothing has been DEMONSTRABLY JUSTIFIED as required by section 1 (Charter) and required by section 7.0.2 (1) [EMACPA]. THEREFORE, the Lieutenant Governor ELIZABETH DOWDESWELL and Premier DOUG FORD committed Terrorism, HOAX regarding Terrorism, and MURDER as LOCKDOWN RELATED DEATHS and LOCKDOWN SUICIDES BECOME MURDER under section 229 (c) of the Criminal Code.

The duty of the Police is to lawfully take into custody, detain and question the Lieutenant Governor ELIZABETH DOWDESWELL and Premier DOUG FORD by immediately taking into custody the Lieutenant Governor ELIZABETH DOWDESWELL and Premier DOUG FORD.

The Lieutenant Governor ELIZABETH DOWDESWELL and Premier DOUG FORD did cause public intimidation with regards to its security including economic security, causing persons to do or refrain from doing any act, such as freedom of assembly, freedom of the right to the gaining of a livelihood, freedom to not breathe in one's own carbon dioxide, among many other things.

The Lieutenant Governor ELIZABETH DOWDESWELL and Premier DOUG FORD recklessly endangered the lives of children, elderly, the vulnerable, and the healthy segment of the population. The Lieutenant Governor ELIZABETH DOWDESWELL and Premier DOUG FORD are responsible for "LOCKDOWN SUICIDES", which become "MURDER" under section 229 (c) of the Criminal Code. The Lieutenant Governor ELIZABETH DOWDESWELL and Premier DOUG FORD also caused serious disruption and interference of essential services.

One example of a very significant essential service that was seriously disrupted and interfered with is access to a Justice of the Peace by any member of the population. Due

process and fundamental justice has been obstructed and interfered with.

The "JP" office has not been processing private prosecution applications from the population to this day since March 2020. **The population does not have access to a "JP" nor DUE PROCESS, nor fundamental justice.**

Another essential service that was seriously disrupted and interfered with is access to health care. People have died due to this interference, and this becomes MURDER.

Another essential service that was seriously disrupted and interfered with is access to buying food. People with exemptions are being denied access to grocery stores as well as other business. Interfering with access to food or essentials must be considered as attempted murder due to the historical nature of past starvations.

Another essential service that has been disrupted and interfered with is Police Services, as Police Stations are closed to the population.

The Lieutenant Governor and Premier did commit:

RECKLESS ENDANGERMENT OF CHILDREN, CHILD ABUSE, ELDER ABUSE, HEALTHY PEOPLE ABUSE, INHUMANE ACTS ON CIVILIAN POPULATIONS, BODILY HARM, FAILING TO OBEY A STATUTE, TORTURE, DOMESTIC TERRORISM, HOAX regarding TERRORISM, causing lockdown suicides as lockdown suicides become MURDER.

The Charter states that the rule of law is one of the principles upon which Canada was founded. The rule of law means that the law applies equally to everyone. No one is above the law. The Lieutenant Governor, politicians, police officers, and wealthy individuals are subject to the criminal code.

The Lieutenant Governor and Premier are immediately arrest-able.

POLICE have a duty to lawfully take into custody, and to criminally charge ELIZABETH DOWDESWELL (Lieutenant Governor of Ontario), and DOUG FORD (Premier of Ontario) and to participate in the prosecution for violations of the criminal code, sections 21, 83.01 (1) (b), 83.231 (1), 122, 126, 128, 176, 180, 218, 219, 229 (c), 245, 269.1, 346, 361, 380, 423, 429, 430.
