

URGENT: Distribution to Police Officer listed below:

"Humans are now hackable animals." The whole idea that humans have this soul or spirit and they have free will and nobody knows what's happening inside me, so whatever I choose, whether in the election or whether in the supermarket is my free will...that's over. Today we have the technology to **hack human beings on a massive scale**. Everything is being DIGITALIZED. Everything is being monitored. In this time of crisis you have to follow science."

"It's often said you should never allow a good crisis to go to waste, because a crisis is a good opportunity to do good reforms that in normal times people will never agree to, but in a crisis you have no chance so let's do it."

"Surveillance, people could look back in 100 years and identify the coronavirus epidemic as the moment when a new regime of surveillance took over. Especially surveillance **under the skin**. Which is the most important development of the 21st century, is this ability to hack human beings."

THE ONTARIO TRIALS (Nuremberg 2.0, Romania 2.0)

WHEREAS:

A September 2019 report by the GPMB detailed CORONAVIRUS, and mask wearing 6 months prior to a DECLARATION of EMERGENCY (March 17, 2020) as follows:

A WORLD AT RISK

**Annual report on global preparedness
for health emergencies**

Global Preparedness Monitoring Board

September 2019

AND WHEREAS:

This same GPMB Sept 2019 report detailed "Progress Indicator(s) by September 2020" regarding a "system-wide training and simulation exercises, including one for covering the deliberate release of a lethal respiratory pathogen" - associated with WHO, WORLD BANK GROUP. This is a HOAX.

The United Nations must strengthen coordination mechanisms.

The Secretary-General of the United Nations, with WHO and United Nations Office for the Coordination of Humanitarian Affairs (OCHA), must strengthen coordination in different country, health and humanitarian emergency contexts, by ensuring clear United Nations systemwide roles and responsibilities; rapidly resetting preparedness and response strategies during health emergencies; and, enhancing United Nations system leadership for preparedness, including through routine simulation exercises. WHO should introduce an approach to mobilize the wider national, regional and international community at earlier stages of an outbreak, prior to a declaration of an IHR (2005) Public Health Emergency of International Concern.

Progress indicator(s) by September 2020

- The Secretary-General of the United Nations, with the Director-General of WHO and Under-Secretary-General for Humanitarian Affairs strengthens coordination and identifies clear roles and responsibilities and timely triggers for a coordinated United Nations systemwide response for health emergencies in different countries and different health and humanitarian emergency contexts.
- The United Nations (including WHO) conducts at least two system-wide training and simulation exercises, including one for covering the deliberate release of a lethal respiratory pathogen.
- WHO develops intermediate triggers to mobilize national, international and multilateral action early in outbreaks, to complement existing mechanisms for later and more advanced stages of an outbreak under the IHR (2005).
- The Secretary-General of the United Nations convenes a high-level dialogue with health, security and foreign affairs officials to determine how the world can address the threat of a lethal respiratory pathogen pandemic, as well as for managing preparedness for disease outbreaks in complex, insecure contexts.

As an independent monitoring and advocacy body, the Global Preparedness Monitoring Board (GPMB) urges political action to prepare for and mitigate the effects of global health emergencies. Co-convened in May 2018 by the World Bank Group and the World Health Organization, the Board builds on the work of the Global Health Crises Task Force and Panel, created by the United Nations Secretary-General in the wake of the 2014-2016 Ebola epidemic. The Board works independently of all parties, including its co-conveners, to provide the most frank assessments and recommendations possible. The findings, interpretations, conclusions and opinions expressed in this report and by Board members represent their views only and not those of their organizations or of the co-conveners.

APPLICATION UNDER
s. 18.1 of the *Federal Courts Act* (R.S.C., 1985, c. F-7)

Affidavit of Christine Massey

I, Christine Massey, Biostatistician, of the City of Peterborough, in Peterborough County, in the Province of Ontario, AFFIRM THAT:

1. I hold a Master's degree in Biostatistics¹ from the Dalla Lana School of Public Health, University of Toronto, and have worked professionally in the past as a Biostatistician.
2. I am fully competent to make this declaration and I make it voluntarily.
3. I testify as an expert to the facts set forth herein, and my statements herein are based upon personal knowledge.
4. In May 2020, I began submitting Freedom-of-Information (FOI) requests, to Canadian health and science institutions, asking for all studies or reports in the possession, custody, or control of each institution that describe the isolation/purification of SARS-COV-2² directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material.

¹ Biostatistics refers to the development and application of statistical methodology in the fields of public health, the health sciences, and biology

² Severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) is the name of the alleged "COVID-19 virus" (originally referred to as the 2019 novel coronavirus or 2019-nCoV)

5. I clarified that my requests were not limited to records authored by the institution in question nor to records which describe work done by that institution, but included any study or report authored by anyone anywhere. And, if the institution held a publicly-available record, I asked that it provide me with enough information about that record so that I may identify it and access it with certainty.
6. Thus far, I have received responses from well over 25 Canadian institutions. I have also personally obtained several FOI responses from institutions outside of Canada, including the United States' Centers for Disease Control and Prevention (CDC).
7. Other people have also supplied me with additional documents that appear to me to be legitimate FOI³ responses from additional health, science, and political institutions, in Canada and elsewhere in the world, in response to the same, or similar, requests for records describing the isolation and purification of SARS-CoV-2. In most cases, I was provided the original unredacted communications and redacted myself the name of the request submitters in order to protect their identity.
8. At the signing of this affidavit, none of the 138 institutions from the European Union and the 28 countries⁴ around the world were able to provide or cite even one record describing the isolation and purification of SARS-CoV-2.
9. All 138 responses are readily available to view on my website: fluoridefreepeel.ca.

Affirmed before me,

CRIMINAL Debt levels

AND WHEREAS:

Regarding the Province of Ontario debt, the Lieutenant Governor has been raising debt levels via the Ontario Loan Act 2021, the Ontario Loan Act 2020, the Ontario Loan Act 2019, the Ontario Loan Act 2018, and so on. The debt levels constitute FRAUD (s380) - refer to the various police incident numbers with information on this. No one has the authority to put children born 1000 years from now into debt.

AND WHEREAS:

There are numerous reports of a rise in STILL BIRTHS and from fully vaccinated mothers.

AND WHEREAS:

Children are amongst SUICIDE victims.

Children are considered "in need of protection" when they are being abused AS WELL AS when they are witnessing abuse.

Domestic violence undermines mental and physical well-being. Everyone, especially children, have the right to live free from abuse and violence.

Domestic violence is a serious health issue that can result in severe physical and psychological harm. **It should be viewed as part of a potentially life threatening pattern regardless of the severity of the present injury.**

AND WHEREAS:

BRIEF STATEMENT OF “COVID-19” FACTS, INCLUDING TRESPASSES AND LIABILITY:

1. An alleged “virus” must be purified (aka “isolated”) before it can be sequenced, characterized, and investigated via controlled experiments.
2. Sequencing and characterization are necessary for identification of a specific “virus”.
3. Repeated controlled experiments are necessary for determination of disease causation by a “virus”.
4. Purification of an alleged “virus” from many patient samples, and then characterization, sequencing and repeated controlled experiments are necessary before one can logically and scientifically conclude that “it” is circulating in humans and is the cause of an allegedly new disease.
5. It is impossible to validate any “test” without a gold standard.
6. It is impossible to validate any “test” claimed to “confirm” the presence of a “virus” (or a “viral infection”) before the alleged “virus” has been proven to exist.
7. It is impossible to validate any “test” claimed to “confirm” a “viral disease” before the alleged “virus” has been a) proven to exist and b) proven to cause the disease.
8. Published studies wherein authors claimed to have “isolated” the alleged “COVID-19 virus” (aka “SARS-COV-2”) (or any other alleged virus, including “SARS-COV-1”) do not describe isolation/purification of an alleged virus from patient samples (or from anything else).
9. Published studies wherein authors claimed to have “sequenced” the alleged “SARS-COV-2” (or any other alleged virus, including “SARS-COV-1”) do not describe extraction of genetic material from a purified sample of “virus” or discovery/determination of a “viral genome”.
10. Freedom of Information (FOI) responses from 41 Canadian institutions (including the Public Health Agency of Canada, Health Canada and all 5 Canadian institutions that claimed to have “isolated the virus”) and Freedom of Information responses and court documents from 109 additional institutions in >25 additional countries show that governments and health/science institutions worldwide have uniformly failed to provide or cite even 1 record describing purification of the alleged “SARS-COV-2” (or any alleged “variant”) from a sample taken from a sick patient, by anyone, anywhere on Earth.
11. FOI responses from the U.S. Centers for Disease Control and Prevention and elsewhere yielded no record describing purification of the alleged 2003 “SARS virus” (or any “common cold coronavirus”) from a sample taken from a sick patient, by anyone, anywhere on Earth.
12. Governments and health/science institutions worldwide have demonstrated that they are unable to provide or cite any study or report, published by anyone, anywhere on Earth, describing the alleged “SARS-COV-2” isolated/purified directly from the fluids of a sick patient and then characterized and sequenced and proven to cause disease in humans or animals.
13. Governments and health/science institutions worldwide have demonstrated that they are unable to prove the existence of the alleged “SARS-COV-2” (or any alleged “variant”).
14. Governments and health/science institutions worldwide have demonstrated that they are unable to prove that the alleged “SARS-COV-2” (or any alleged “variant”) is the cause of any disease, new or old.

Names of Police Officers who neglected duty are listed in "**SCHEDULE 1**" below:

AND WHEREAS:

Numerous professionals have had to "tow the line" or lose their jobs - free speech not protected.

AND WHEREAS:

The majority of police officers in Ontario have refused to take in information regarding HOAX regarding terrorism by the Ontario Lieutenant Governor, and Parliament.

The majority of police officers in Ontario are behaving out of self interest, while discharging a public duty - to keep one's job, or other reasons.

The majority of police officers in Ontario have failed to safeguard fundamental rights and freedoms, as well as the human rights code as per section 1.2 of the Police Services Act, as well as section 1.2 in Schedule 1 of the Comprehensive Police Services Act.

The commanding/ranking police officers across the Province of Ontario have failed to ensure that police officers under their command enforce the criminal code against the Ontario Lieutenant Governor, and Parliament.

AND WHEREAS:

The level of fear in Police Officers to act against the Ontario Lieutenant Governor and Parliament is so great that Police Officers will not effect any criminal action against the Ontario Lieutenant Governor and Parliament to protect the population, contrary to their duties. This level of power over the Police requires the largest safe peaceful protective coordinated action by Police against the Ontario Lieutenant Governor and Parliament forthwith, to make arrests of all accused in a single "sweep". This may require several thousand Police Officers. [Ontario has over 25,000 sworn Police Officers]

AND WHEREAS:

The civilian population has been unprotected as a result of police misconduct.

The Canadian Criminal Code of Canada, authorizes reasonable acts in defense of persons and property (s34, s35), as well as in protections of private persons coming to the assistance of peace officers (s25).

AND WHEREAS:

It is believed that ranking police officers (and others) deserted their posts (duty) in some form. **By, under, out of, and through, the absolute authority of Necessity and Emergency and other Extraordinary Measures**, it has come to the point where private individuals are duty bound to fill in the gap, and act reasonably, and responsibly, by attending to police stations coming to the assistance of peace officers regarding crimes and of offences against the laws of Canada and the laws in force in Ontario, assisting to protect the community, and following in the footsteps of Canadians before you and me who made sacrifices in the service of our country, demanding the REQUIRED URGENT ACCOMODATION as follows:

REQUIRED URGENT ACCOMODATION:

Using the CRIMINAL INFORMATION provided to the numerous police forces around the Province against the Ontario Lieutenant Governor and Parliament, the full power of all Police Officers in the Province of Ontario are hereby requested to immediately organize themselves to conduct tactical operations to **forthwith (within 4 hours)** take into custody and charge the following persons:

- 1) Ontario Lieutenant Governor ELIZABETH DOWDESWELL;
- 2) The Queen;
- 3) All members of the Canadian Senate (since March 17, 2020);
- 4) All members of the Canadian House of Commons (since March 17, 2020).
- 5) Secure persons safely, without bail until criminal trial in Ontario criminal courts has come to successful completion.
- 6) Charge Ontario Lieutenant Governor and Parliament with the crimes accused (HOAX, MURDER, TERRORISM, TORTURE, etc) within police incident #'s as detailed above.
- 7) Participate in the criminal prosecution of those taken into custody in Ontario criminal courts.
- 8) Ensure the protection, completion, and success of the ONTARIO TRIALS in Ontario criminal courts.
- 9) Restore confidence, peace and security to Ontario. Secure honest Government.
- 10) Identify corrupt justice system participants, and effect immediate arrests as necessary. Ensure that a criminal trial is not defeated, perverted, obstructed, or interfered with by the Attorney General or any others. Immediately take into custody those who do so and charge them with Obstructing Justice (s139), and/or other relevant criminal code violations.

AND WHEREAS:

On December 25, 1989, the Romanian leader was arrested and tried for crimes committed in Romania. **Nicolae Ceausescu** was accused and convicted for the ONTARIO equivalent as follows:

"Subversion of state power by organizing against the people and state power, undermining the Ontario economy, drastically lowering living standards, extensive favouritism - essential versus non-essential workers, civil unrest, and economic sabotage."

If we replace the word "Ontario" with the word "Romania", this is what the Romanian leader, Nicolae Ceausescu was partially arrested for on December 25, 1989.

REVOKING VARIOUS REGULATIONS

Revocations

1. The following regulations are revoked:

1. Ontario Regulation 264/21.

2. Ontario Regulation 291/21.

AND WHEREAS:

EMERGENCY MANAGEMENT AND CIVIL PROTECTION ACT

Declaration of emergency

Humans are now hackable animals.

TACTICAL action

7.0.1 (1) Subject to subsection (3), the Lieutenant Governor in Council or the Premier, if in the Premier's opinion the urgency of the situation requires that an order be made immediately, may by order declare that an emergency exists throughout Ontario or in any part of Ontario. 2006, c. 13, s. 1 (4).

Criteria for declaration

7.0.1 (3) An order declaring that an emergency exists throughout Ontario or any part of it may be made under this section if, in the opinion of the Lieutenant Governor in Council or the Premier, as the case may be, the following criteria are satisfied:

1. There is an emergency that requires immediate action to prevent, reduce or mitigate a danger of major proportions that could result in serious harm to persons or substantial damage to property.
2. One of the following circumstances exists:
 - i. **The resources normally available** to a ministry of the Government of Ontario or an agency, board or commission or other branch of the government, **including existing legislation**, cannot be relied upon without the risk of serious delay.
 - ii. The resources referred to in subparagraph i may be insufficiently effective to address the emergency.
 - iii. It is not possible, without the risk of serious delay, to ascertain whether the resources referred to in subparagraph i can be relied upon. 2006, c. 13, s. 1 (4).

Emergency powers and orders

Purpose

7.0.2 (1) **The purpose of making orders** under this section is to promote the public good by protecting the health, safety and welfare of the people of Ontario **in times of declared emergencies** in a manner that is subject to the Canadian Charter of Rights and Freedoms. 2006, c. 13, s. 1 (4).

Criteria for emergency orders

(2) During a declared emergency, the Lieutenant Governor in Council may make orders that the Lieutenant Governor in Council believes are necessary and essential in the circumstances to prevent, reduce or mitigate serious harm to persons or substantial damage to property, if in the opinion of the Lieutenant Governor in Council it is reasonable to believe that,

- (a) the harm or damage will be alleviated by an order; and
- (b) making an order is a reasonable alternative to other measures that might be taken to address the emergency. 2006, c. 13, s. 1 (4).

Limitations on emergency order

(3) Orders made under this section are subject to the following limitations:

1. The actions authorized by an order shall be exercised in a manner which, consistent with the objectives of the order, limits their intrusiveness.
2. An order shall only apply to the areas of the Province where it is necessary.
3. Subject to section 7.0.8, an order shall be effective only for as long as is necessary. 2006, c. 13, s. 1 (4).

AND WHEREAS:

Emergency orders only have purpose in times of declared emergencies. Outside of declared emergencies, orders have no purpose. There was an abuse of power, and deaths have resulted, as LOCKDOWN SUICIDES become MURDER, with HEALTH CARE related deaths becoming criminal negligence causing death (s220), and CULPABLE HOMICIDE is MURDER (s229(c)).

AND WHEREAS:

Reopening Ontario (A Flexible Response to COVID-19) Act, 2020, S.O. 2020, c. 17

Time limit on application of orders

3 (1) An order continued under section 2 ceases to apply 30 days after it is continued under section 2, subject to extension under subsection (2).

Extension of orders

3 (2) The Lieutenant Governor in Council may by order, before it ceases to apply, extend the effective period of an order for periods of no more than 30 days.

Power to revoke orders

5 The Lieutenant Governor in Council may by order revoke an order continued under section 2.

Reports to public

11 The Premier, or a Minister to whom the Premier delegates the responsibility, shall regularly report to the public with respect to the orders continued under section 2 that continue to apply.

Termination of COVID-19 declared emergency

17 Unless it has been terminated before this section comes into force, the COVID-19 declared emergency is terminated and Ontario Regulation 50/20 (Declaration of Emergency) is revoked.

AND WHEREAS:

The "Report on Ontario's Provincial Emergency from March 17, 2020 to July 24, 2020" did not detail the circumstances, criteria, nor the resources requiring a DECLARATION of EMERGENCY along with an EXTENSION of the DECLARATION of EMERGENCY. There was no DUE PROCESS - still to this day. It is deemed a HOAX.

AND WHEREAS:

The "Report on Ontario's second Declared Provincial Emergency from January 12, 2021 to February 9, 2021" did not detail the circumstances, criteria, nor the resources requiring a DECLARATION of EMERGENCY along with an EXTENSION of the DECLARATION of EMERGENCY. There was no DUE PROCESS - still to this day. It is deemed a HOAX.

AND WHEREAS:

The "Report on Ontario's Third Declared Provincial Emergency from April 7, 2021 to June 2, 2021" did not detail the circumstances, criteria, nor the resources requiring a DECLARATION of EMERGENCY along with an EXTENSION of the DECLARATION of EMERGENCY. There was no DUE PROCESS - still to this day. It is deemed a HOAX.

AND WHEREAS:

A Provincial Crown Prosecutor in the Niagara Region, confirmed that the "existing legislation" criteria was what the government of Ontario used to declare three emergencies.

AND WHEREAS:

Declaring and extending an emergency for the reason of "existing legislation", destroying and sabotaging the Ontario economy, is a DANGEROUS ACT OF MAJOR PROPORTIONS, that has led to SUICIDES and other deaths, ultimately leading to grocery stores denying an identifiable group of persons (in whole or in part - those with mask exemptions, and/or those not vaccinated) the ability to purchase food. This is GENOCIDE, and an INHUMANE ACT on a CIVILIAN POPULATION - crimes against humanity.

AND WHEREAS:

INTAKE offices at virtually all Ontario Courts of Justice were closed for 20 months or longer, not handing out, nor accepting PRIVATE PROSECUTION APPLICATIONS, defeating, perverting and obstructing the course of justice. This left the civilian population with no access to the criminal courts, and no way to seek to put the Ontario Lieutenant Governor, the Queen, the Senate, and the House of Commons members in prison for life for MURDER among numerous other criminal charges. The Lieutenant Governor obstructed justice, Parliament failed to ensure protections.

AND WHEREAS:

FORTINOS (at 50 Dundurn St S Unit B, Hamilton, ON L8P 4W3, 905-529-4290), NATIONS FOOD (Jackson Square Hamilton), NOFRILLS (in Aylmer Ontario), and GOODNESSME - among many others, have committed this act of GENOCIDE by refusing to sell food to an identifiable group.

AND WHEREAS:

The signatures on the ORDERS in COUNCIL are evidence of FORGERY (s366), FRAUD, HOAX. There is no seal on ORDERS in COUNCIL - not valid orders, purporting to be valid orders - FORGERY (s366).

AND WHEREAS:

Coroners are producing false returns with regards to COVID-19.

"Deaths are included whether or not COVID-19 was determined to be a contributing or underlying cause of death as indicated in the iPHIS field Type of Death." (source = <https://files.ontario.ca/moh-covid-19-report-en-2020-06-26.pdf> page 14) This is a criminal code violation section 128.

AND WHEREAS:

The Ontario Lieutenant Governor and Parliament is not above the rule of law. No one is above the law (CBOR s1(b), Charter s15). A 1959 Supreme Court decision in "Roncarelli v. Duplessis" - the **judge concluded the premier was not entitled to immunity as a public official.**

"One of Canada's founding principles is the rule of law. Individuals and governments are regulated by laws and not by arbitrary actions. No person or group is above the law."

AND WHEREAS:

In three declared Provincial emergencies, there was never one sworn, under oath set of proof or evidence, duly and properly served on any one in Ontario, and likely not even in the rest of Canada. It is deemed a HOAX, a criminal code violation s83.231(1), and DEATHS have occurred (see 83.231(4) = life in prison). On March 17, 2020, there was only 1 case and 1 death in Canada, and not sworn or certified to be true. There was no real PANDEMIC, rather, a **"system-wide training and simulation exercises"** as detailed out in the GPMB documentation and "Event 201".

AND WHEREAS:

Justin Trudeau: **"REGARDLESS OF THE FACT WE ARE ATTACKING YOUR FUNDAMENTAL RIGHTS, WE ARE STILL GOING TO DO IT"** - a direct act against ensuring protections of rights and freedoms in Canada in Canadian Bill of Rights - "Disobeying a statute (s126)".

AND WHEREAS:

"Some countries are using BOOSTERS to kill children" This is a comment by Dr. Tedros Adhanom Ghebreyesus (Director-General of the World Health Organization).

AND WHEREAS:

Dr. Fauci stated an infectious disease challenge was coming as far back as July 2017;

AND WHEREAS:

Hospital staff around the world have made dancing videos because they were not busy at all. Videos of a body in a body bag with "COVID19" written at its feet while being carried by dancing hospital staff prove that even hospital staff believe it is a HOAX - see SCHEDULE 3.

AND WHEREAS:

Bill Gates has an interest in GLOBAL population reduction via vaccinations. Bill Gates has also used the terms "Pandemic 1", "Pandemic 2" and other phrases that would eliminate freedoms that involve vaccinating the entire world. The Police failed to pick up on such corruption. How does Bill Gates know there is another Pandemic coming?;

AND WHEREAS:

Canadian officials have shown they believe COVID-19 is a HOAX as detailed in police reports. They say STAY HOME, yet they don't STAY HOME;

AND WHEREAS:

In September 2019, the Global Preparedness Monitoring Board detailed out a "**system-wide training and simulation exercises**" related to a lethal respiratory pathogen release;

AND WHEREAS:

FUNDAMENTAL JUSTICE and DUE PROCESS have been obstructed and interfered with;

AND WHEREAS:

The details of the criteria, details of the resources, and details of the circumstances that led to the Declaration of Emergency have never been disclosed to the population under oath, **it is DEEMED a HOAX.**

AND WHEREAS:

Peterborough, ON

I am responding to your request for *general* information pursuant to the Municipal Freedom of Information and Protection of Privacy Act, our file #21-0773.

You are being notified that a records search was conducted for *"All studies and/or reports in their possession, custody or control of Chief Frank Bergen or Hamilton Police Service describing the purification of an "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", P.1") (for example: via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).*

Please be advised that based on the parameters of your request and after consultation with the relevant stakeholders, the Hamilton Police Service is unable to locate any responsive records to your request.

I am responsible for this decision. If you have any questions, please contact this office at 905-546-4727.

You may appeal this decision within 30 days by writing: The Information and Privacy Commissioner/Ontario, 2 Bloor St. E., Suite 1400, Toronto, ON M4W 1A8. Their telephone number is 416-326-3333 or 1-800-387-0073.

If you decide to appeal this decision, please provide The Information and Privacy Commissioner/Ontario with the following:

- the file number listed at the beginning of this letter
- a copy of this decision letter
- a copy of the original request for information you sent to our institution
- the reasons why you believe the records exist (if the decision was that no records exist)

In addition, you must send an appeal fee to The Information and Privacy Commissioner/Ontario. The appeal fee for a Personal request for information is \$10.00 (\$25.00 for a General request). Please include the fee in your letter of appeal. Appeal fees should be in the form of either a cheque or money order, payable to the Minister of Finance.

1. The signature was edited with a digital eraser to alter the signature.
2. The signature is copied and pasted, inauthentic, and possibly fraudulent.
3. Doug Ford's signature [if it is his signature] is inconsistent with other documents. The capital 'D' in Doug Ford's signature is missing the upper right portion of the 'D'. As well, the capital "D" in Doug Ford's signature [if it is his signature] is missing the bottom of the "D". It was digitally erased. Who signed this?
4. The lower case "d" in "Ford", has it's vertical stem digitally erased. Who signed this?
5. 'Recommended' is spelled properly in this OIC document.
6. There is no location of where it was signed.
7. The line under the signature is not a straight line, further suggesting there was document editing, which constitutes FRAUD/FORGERY.

Brampton, ON L6Y 1P4

Dear Ms. Massey:

I am replying to your access request made under the *Freedom of Information and Protection of Privacy Act (the Act)*, for the following information:

All records describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; liver cancer cells).

Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers instead to

- the culturing of something (i.e. the culturing of supernatant in vero cells), or
- the performance of an amplification test (i.e. a PCR test on a patient sample adulterated with an enzyme to release genetic material from cells), or
- the sequencing of something.

[If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that the public may identify and access each record with certainty (i.e. title, author(s), date, journal, where the public may access it).]

Format:

Pdf documents sent to me via email; I do not want anything shipped to me.

This is to inform you that no responsive records were located. A reasonable search of the ministry was conducted, and no responsive records were found. Dr. David C. Williams, Chief Medical Officer of Health, is responsible for this decision.

You may request a review of this decision by the Information and Privacy Commissioner 2 Bloor Street East, Suite 1400, Toronto ON M4W 1A8. Please note that you have 30 days from the date of this letter to request a review. In the event that you do seek a review, please provide the Commissioner's Office with:

1. The request file number: A-2020-00064 / RK
2. A copy of this decision letter.
3. A copy of your original request.
4. A cheque or money order in the amount of \$25.00 payable to the Minister of Finance.

Dear Christine Massey:

SUBJECT: REQUEST NUMBER SOLGEN-A-2021-05173

This letter is in response to your request submitted to the Ministry of the Solicitor General (the Ministry) under the Freedom of Information and Protection of Privacy Act (the Act).

Your request is for access to copies of studies/reports from the Ontario Provincial Police (OPP) and the Ministry of the Solicitor General describing the purification of the alleged "COVID-19" virus directly from a sample taken from a diseased human.

Please be advised that access to the requested records cannot be granted, as the information does not exist. Experienced staff familiar with the record holdings of the Ministry conducted a records search. No responsive records were located.

This access decision was made by the undersigned. You are entitled to appeal this decision within 30 days to:

Information and Privacy Commissioner/Ontario (IPC)
2 Bloor Street East, Suite 1400
Toronto, ON M4W 1A8 (416) 326-3333

Should you decide to file an appeal, please provide the IPC with:

- 1) a copy of this decision letter;
- 2) a copy of your request;
- 3) the reasons why you believe the requested records or additional records exist;
- 4) the mandatory appeal fee of \$25.00 in the form of a cheque or money order made payable to the Minister of Finance.

RE: MFIPPA Request, dated August 21, 2021, File No: 2021-11

Dear Ms. Massey:

In response to your request under the *Municipal Freedom of Information and Protection of Privacy Act* (MFIPPA) for:

"All studies and/or reports in the possession, custody or control of Dr. Rosana Salvaterra, or any Peterborough Public Health staff member responsible for "clinic inspections", or any member of Peel Public Health's "infectious/transmissible disease" leadership, describing the purification (i.e. via. via filtration, ultracentrifugation and chromatography) of any "HIV" aka "human immunodeficiency virus" or of any "Hepatitis B virus" or of any "Hepatitis C virus", directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. a human or animal cell line; fetal bovine serum)." And, "Please add "SARS-COV-2" (including any 'variants') to the list of viruses covered by this request."

Peterborough Public Health has no records in relation to your request. Local public health agencies in Ontario are responsible for adherence to the Health Protection and Promotion and implementation of the Ontario Public Health Standards and related protocols as set by the Ministry of Health. Scientific advice is provided by Public Health Ontario. We do not work directly with patient samples related to the viruses noted above or analysis of these samples.

If you have any questions, I can be contacted at lstinson@peterboroughpublichealth.ca, or by calling (705) 743-1000, extension 253.

Dear Christine Massey:

This is in response to your request made under the *Access to Information Act* (the Act) for the following information:

All records in the possession, custody or control of the Public Health Agency of Canada (PHAC) describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; liver cancer cells).

Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers instead to:

- the culturing of something, or
- the performance of an amplification test (i.e. a PCR test), or
- the sequencing of something.

Please also note that my request is not limited to records that were authored by the PHAC or that pertain to work done by PHAC. My request includes any sort of record, for example (but not limited to) any published peer-reviewed study that PHAC has downloaded or printed.

Clarification:

Date range of request is January 1, 2020 until June 15, 2020

Enclosed please find records responsive to your request. You will note that portions of the records are withheld from disclosure pursuant to sections 19 and 20 of the Act. For ease of reference, a copy of the Act may be found at <https://laws-lois.justice.gc.ca/eng/acts/a-1/> which provides a description of the redaction(s) applied.

Should you have any questions or concerns about the processing of your request please do not hesitate to contact Tammy Turpin-Loyer, the analyst responsible for this file, by email at tammy.turpin-loyer@canada.ca with reference to our file number cited above.

Please be advised that you are entitled to complain to the Office of the Information Commissioner of Canada concerning the processing of your request within 60 days of the receipt of this notice. In the event you decide to avail yourself of this right, your notice of complaint can be made online at: <https://www.oic-ci.gc.ca/en/submitting-complaint> or by mail to:

As requested, The Public Health Agency of Canada has further discussed with the program area and requested clarification of the records that were provided in response to the request above.

Your request has resulted in a "No Records Exist", because of the way that you have formulated your request. The isolation of the virus is not completed without the use of another medium, therefore we have no records that would show this process taking place. It is important to understand the following: The gold standard assay used to determine the presence of intact virus in patient samples is viral isolation in cell culture. With this

assay, if virus is present in the patient sample, it will multiply and produce visible cytopathic effects, which means that infected cells demonstrate visible changes. Additionally, the detection of an increase in the genetic viral material by PCR further confirms that intact virus is present in the patient sample, since increasing viral genetic material necessitates replication of the viral within the cell culture. This technique was successfully used to confirm that intact SARS-COV-2 was present in Canadian patient samples as evidenced in the material provided. In the case of SARS-COV-2 isolation, Vero cells combined with minimal essential medium (MEM) were used because they are essential to support viral replication and cell growth. This combination supports the growth of other coronavirus types and was successful in the case of SARS-CoV-2 as well

If any records match the above descriptions of requested records and are currently available to the public elsewhere, please provide enough information about each record so that {I} may identify and access each record with certainty (i.e. author; title; date; publisher); please provide URLs where possible".

As further clarified, June 24, 2021, "The request was not only for records of isolation/purification, but any analysis whatsoever of "the variant". Three bullets from the original request were highlighted and an additional search was requested for: -

- describe the discovery (not manufacture / fabrication / creation / assembly / alignment / trimming / mapping) of the alleged genome for this alleged particular new variant of coronavirus;
- describe how this alleged new variant of coronavirus relates to the alleged "SARS-COV-2";
- include any additional analysis/investigation into this alleged "new variant".

In response to your request, please find attached the records released in full. In addition as requested, please find below URLs for records **matching the above descriptions of requested records and that are currently available to the public for ease of access:**

1. Describe the **discovery (not manufacture/fabrication/creation/assembly/alignment/trimming/mapping)** of the alleged genome for this alleged particular new variants of coronavirus.
Within the scope of 'discovery' of the B.1.1.7 (Alpha) variant in Canada, following release of the first identified genome for B.1.1.7 on the global genomics lineage platform PANGO from a sample on 7 February 2020, NML identified a small number of isolated cases. The sample came from patient nasopharyngeal swab that tested positive for COVID-19 by PCR test and was then went for whole-genomic sequencing. Standard techniques for genome sequencing were used. There are 21 identifiable genomic differences between the B.1.1.7 (Alpha) variant and the original Wuhan-1 reference genome. The whole B.1.1.7 (Alpha) "family" of variants now has, on average, approximately 38 mutations from that original Wuhan-1 reference genome.
2. Describe how this alleged new variant of coronavirus relates to the alleged "SARS-COV-2"
Copies of the Wuhan-1 and the first Canadian B.1.1.7 (Alpha) sequences can be provided. Sequence data tracing the evolution of the SARS-CoV-2 virus, including Canadian samples as well as globally, are published on GISAID.
3. Include any additional analysis/investigation into this alleged "new variant"
There were no specific additional analyses related to the 'discovery' of B.1.1.7 (Alpha) in Canada at that time. Since the declaration of B.1.1.7 (Alpha) as a Variant of Concern by the WHO on 18 December 2020, PHAC has gathered clinical case and laboratory data as part of its routine public health responsibility for evaluation of epidemiological factors associated with this and other variants, including severity, transmissibility, immune response, and vaccine effectiveness. Analyses such as these have been incorporated into the modelling reports provided to the public throughout the pandemic, including those on COVID-19 daily epidemiology update and linked to from this site.

Your Access Request No. 2020-08

Ilone Harrison <Ilone.Harrison@oahpp.ca>
To: Christine Massey <cmssyc@gmail.com>

Wed, Aug 4, 2021 at 10:47 AM

Dear Ms. Massey,

I am writing to you in connection with your request for access to information, specifically for:

All records in the possession, custody or control of the Ontario Agency for Health Protection and Promotion aka Public Health Ontario (PHO) describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; lung cells from a lung cancer patient).

Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers instead to:

- the culturing of something, or*
- the performance of an amplification test (i.e. a PCR test), or*
- the sequencing of something.*

Please also note that my request is not limited to records that were authored by PHO or that pertain to work done by PHO. My request includes any sort of record, for example (but not limited to) any published peer-reviewed study downloaded or printed by PHO.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each record with certainty (i.e. title, author(s), date, journal, where the public may access it).

The type of work described in your request is not done by Public Health Ontario (PHO) and there are no records at PHO that are responsive to your request.

PHO performs testing for SARS-CoV-2 virus, the virus that causes COVID-19, but the work that PHO does has been excluded from your request as per paragraph 2. Information about PHO's COVID-19 testing is available on our website:

- [Coronavirus Disease 2019 \(COVID-19\) – PCR](#)
- [Coronavirus Disease 2019 \(COVID-19\) – Serology](#)
- [COVID-19 Virus Variant of Concern \(VoC\) Surveillance — see SARS-CoV-2 \(COVID-19 Virus\) Variant of Concern \(VoC\) Surveillance](#)

FIPPA section 50(1) allows you to appeal this decision, within 30 days, to the Information and Privacy Commissioner of Ontario (IPC). The IPC's contact information is:

Dear Mrs. Massey,

**Re: Final Decision
University of Ottawa File A2021-13**

Further to your request for information pursuant to the *Freedom of Information and Protection of Privacy Act* received at the University of Ottawa on August 26, 2021, I am writing to inform you of my decision.

A search was conducted in the areas identified in your request for responsive records.

Access to your request cannot be provided as there are no such records. This decision is made in accordance with paragraph 29(1)(a) of the *Freedom of Information and Protection of Privacy Act*.

I have decided to waive all fees related to this request pursuant to Section 8 of Ontario Regulation 460.

I am responsible for making this decision.

You may ask for a review of this decision within 30 days of receiving this letter by writing to: The Information and Privacy Commissioner (IPC)/Ontario, 2 Bloor Street East, Suite 1400, Toronto, Ontario, M4W 1A8, Telephone: (416) 326-3333 or toll-free 1-800-387-0073.

If you decide to request a review of this decision, please provide the Commissioner's office with the following:

- the file number listed at the beginning of this letter;
- copy of this decision letter; and
- a copy of the original request for information you sent to the University.

In addition, you must send an appeal fee to the Commissioner's office. If your request was for your personal information, the appeal fee is \$10.00. The appeal fee for all other requests for information is \$25.00. Please include the fee with your letter of appeal – appeal fees should be in the form of either a cheque or money order, payable to the Minister of Finance.

Decision to the Requester Regarding an Access Request

VIA EMAIL

July 14, 2020

Request Number 2020-0004

Christine Massey
#221 – 93 George St. S.
Brampton, ON L6Y 1P4

Dear Ms. Massey:

I am responding to your request for access to records under *the Freedom of Information and Protection of Privacy Act* as submitted to the University of Toronto on May 18, 2020. On June 2, 2020, the University transferred the request to Sunnybrook Health Sciences Centre (Sunnybrook) after determining that Sunnybrook had a greater interest in the responsive records. We received the \$5.00 application fee on July 8, 2020.

You requested access to the following information:

All records in the possession, custody or control of the Dalla Lana School of Public Health or any other department of the University of Toronto (for example: downloaded to a computer, printed in hard copy, etc.) describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; liver cancer cells).

Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers instead only to:

- *the culturing of something, and/or*
- *the performance of an amplification test (i.e. a PCR test), and/or*
- *the sequencing of something.*

[If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that the public may identify and access each record with certainty (i.e. title, author(s), date, journal, where the public may access it).]

Fully Affiliated with the University of Toronto

Sunnybrook Health Sciences Center

www.sunnybrook.ca

A search has been conducted by Sunnybrook's Freedom of Information and Privacy Office for records responsive to your request. No records corresponding to your request were identified. Consequently, the file is closed.

You may request this decision be reviewed by the Information and Privacy Commissioner of Ontario within 30 days of receipt of this letter. The Commissioner can be reached at:

Information and Privacy Commissioner/Ontario
Suite 1400, 2 Bloor Street East
Toronto, ON M4W 1A8
Telephone: 416 326-3333, 1-800-387-0073 (within Ontario).

The Commissioner will require a copy of your original request, a copy of this decision letter and an appeal fee in the amount of \$25.00, payable to the Minister of Finance.

Please contact me at 416-480-6100 ext. 85046 with any questions.

Sincerely,

Hello M. Massey,

In determining whether to transfer the request, the University of Toronto would have searched for and identified any responsive records. No responsive records were identified by them. A search by Sunnybrook also did not identify any responsive information. In summary, neither Sunnybrook nor the University of Toronto identified any responsive records.

Please contact me if you wish to discuss.

Sincerely,

Dear Ms. Massey,

Re: Access to Information Request 2020-006

Thank you for your access to information request received DATE, requesting access to:

All records in the possession, custody or control of the Vaccine and Infectious Disease Organization-International Vaccine Centre (VIDO-InterVac) describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; lung cells from a lung cancer patient).

Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers instead to:

- *the culturing of something, or*
- *the performance of an amplification test (i.e. a PCR test), or*
- *the sequencing of something.*

Please also note that my request is not limited to records that were authored by the VIDO-InterVac or that pertain to work done by the VIDO-InterVac. My request includes any sort of record, for example (but not limited to) any published peer-reviewed study that the VIDO-InterVac has downloaded or printed.

This is to advise you that the record(s) you wish to access do not exist. For your information, this notification has been provided pursuant to clause 7(2)(e) of *The Local Authority Freedom of Information and Protection of Privacy Act*. If you would like to request a review of this decision, you may do so by completing a "Request for Review" form and forwarding it to the Saskatchewan Information and Privacy Commissioner within one year of this notice. Your completed form can be sent to 503-1801 Hamilton Street, Regina, Saskatchewan, S4P 4B4 or webmaster@oipc.sk.ca. This form is available from this office or online at www.oipc.sk.ca.

If you have questions or concerns, please contact the writer at rayelle.johnston@usask.ca.

Thank you, but I can assure you that the information is **not** held by Health Canada. I already have 2 FOI responses from them confirming this, attached.

As of today, myself and others have obtained FOI responses from **38 Canadian institutions**; all of them are publicly available. **No one** has been able to provide or cite any such record.

Public Health Agency of Canada (and another from **Public Health Agency of Canada**, this one re the alleged "UK variant" aka "B.1.1.7" aka "Alpha"; and another from **Public Health Agency of Canada** re any alleged virus/variant), **Health Canada** (and another from **Health Canada**), the **National Research Council of Canada, Vaccine and Infectious Disease Organization-International Vaccine Centre (VIDO-InterVac)**, **Canadian Institutes of Health Research, Natural Sciences and Engineering Research Council of Canada, Public Health Ontario, Ontario Ministry of Health, Ontario Ministry of the Solicitor General and Ontario Provincial Police, Alberta Premier Jason Kenney, his Office and Executive Council, Calgary Police Service, Institut National de Sante Publique du Quebec** (another from **Public Health Quebec**), **British Columbia's Ministry of Health** (re "the UK variant"), **British Columbia's Centre for Disease Control, British Columbia's Provincial Health Services Authority** (2 responses, 1 re "SARS-COV-2", 1 re the alleged "B.1.1.7" aka "Alpha variant" aka "UK variant"), **Vancouver Coastal Health Authority** (re "B.1.1.7" aka "Alpha variant" aka "UK variant"), **Newfoundland Labrador Department of Health & Community Services, New Brunswick's Department/Ministry of Health, McGill University, University of Ottawa, the City of Toronto, Toronto Police** (and another from **Toronto Police**), **Halton Region, Hamilton Police Service** (Ontario), the **Region of Peel** (Ontario), **Region of Durham** (Ontario); **KFL&A Public Health** (Kingston, Frontenac, Lennox and Addington, Ontario, re "any variant"), **Grey Bruce Health Services, Grey Bruce Health Unit, Niagara Regional Police Service, Peterborough Public Health** (Ontario), **Peterborough Police Service** (Ontario) (another from **Peterborough Police**), **Aylmer Police Service** (Ontario) (and another from **Aylmer Police**), **Hastings Prince Edward Public Health** (Ontario), the **University of Toronto, Sunnybrook Health Sciences Centre, McMaster University** and **Mount Sinai Hospital** (Toronto) (note that researchers from the last 4 institutions had publicly claimed to have "isolated the virus", as had VIDO-InterVac).

Globally we have responses from **127 institutions in over 25 countries**, all publicly available: <https://www.fluoridefreepeel.ca/fois-reveal-that-health-science-institutions-around-the-world-have-no-record-of-sars-cov-2-isolation-purification/>

Every institution has failed to provide or cite even 1 record describing the isolation aka purification of the alleged "COVID-19 virus" directly from a patient sample that was not first adulterated with other sources of genetic material. (Those other sources are typically monkey kidney aka "Vero" cells and fetal bovine serum).

And, even after culturing, virologists never purify an alleged virus and sequence it, or characterize it, or study it with controlled experiments to see if it actually spreads disease from host to host. They simply irrationally declare that they have "isolated the virus", when nothing could be further from the truth.

Without the crucial step of isolation/purification having been performed (from many patients, followed by characterization, sequencing and controlled experiments), **there is no way to claim scientifically that the alleged "novel coronavirus" actually exists.**

Without the isolation/purification step having been performed and followed by all other necessary steps, all claims of the alleged "virus" are **nothing but wild speculation backed only by fraudulent science, fraudulent tests and fraudulent diagnoses.**

Virologists do not employ the scientific method when claiming to have "isolated a virus". Instead, they starve and poison cell lines and irrationally attribute harm (that they themselves cause) to "the virus".

Their so-called "virus isolates" are in fact concoctions that they themselves created: a patient sample mixed with fetal bovine serum, a cell line (typically monkey kidney cells in the case of "SARS-COV-2") and toxic drugs. Their concoctions have never been shown to contain any "virus".

They extract all of the genetic material (RNA in the case of "SARS-COV-2") from a patient sample or from a cell culture concoction, make wild assumptions and have a computer program fabricate a so-called "genome" from millions of sequences (allegedly) detected in their concoction.

They point at electron microscopy images of particles in their cell culture concoctions and insist "that's the virus". The particles just happen to look like other known, non-viral particles and have not been shown to have originated from the patient sample. The particles are never purified, sequenced, characterized or studied with controlled experiments. They are never shown to be a disease-spreading "virus".

No one on the planet has any proof or compelling evidence for the existence of the alleged "virus". No one has a purified sample of "it".

Virology is weaponized pseudoscience.

Attached is an **EVIDENCE PACKAGE**.

The RCMP had better start investigating this and hold accountable all of the politicians and public health officials who have terrorized the public for the last 2 years over a purely theoretical, imaginary "virus", and put an end to the fraud-based kill shots and other "COVID-19" crimes against humanity.

I require that you forward this email to the OPP Commissioner.

Best wishes,
Christine Massey, M.Sc.

Request Number 2021-011:

Dear Ms. Massey:

This is in response to your access request for information under the *Freedom of Information and Protection of Privacy Act*, (FIPPA), for records related to studies describing the purification of the COVID-19 virus.

Dr. Kevin Smith and other leaders and decision-makers were contacted and asked to review their records. We were not able to locate any records responsive to your request. Please note, staff of our Research Department confirmed that studies of this kind are not being conducted at UHN.

The decision as above has been made by Kevin Smith, President and CEO, University Health Network.

You may request a review of this decision within 30 days by contacting the Information and Privacy Commissioner. The Commissioner can be reached at:

Dear Christine Massey,

RE: Dalhousie University FOIPOP Request # FOIPOP-2021-486 – Decision Letter

Your complete application for access to information under the *Nova Scotia Freedom of Information and Protection of Privacy Act* (the Act) was received by Dalhousie's Privacy Office on **November 24, 2021**. You requested the following information:

- "1. All studies and/or reports in the possession, custody or control of Dalhousie University's President, Vice-Presidents, Associate and Assistant Vice-Presidents, Vice-Provosts, Deans, Department Chairs, Board of Governors, Senate, Dalhousie Advisory Council, any health or science department head at Dalhousie University, any of the men or women serving in those positions or any of the men or women responsible for the demand that anyone provide proof of "vaccination" or "testing" in order to access Dalhousie University campuses, describing the purification of the alleged "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants") directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).*
- 2. If the University is unable to provide or cite any such records as described above, then please provide the first published study/record that (in the opinion the man or woman ultimately responsible for the demand that anyone provide proof of "vaccination" or "testing" in order to access Dalhousie University campuses) proved the existence of "SARS-COV-2" in Wuhan, China. If any records match the above descriptions of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible."*

Dalhousie University has completed a full search for responsive records; and we have found that there are **no records** in the custody and control of Dalhousie University that are **responsive to your request**.
